Johnson Proposes Broad Health Plan

WASHINGTON (AP) — President Johnson proposed today a broad health insurance-health care package that includes a suggestion that the federal government pay part of the basic operating costs of medical and dental schools.

Johnson, submitting a message entitled "Advancing the Nation's Health," plugged first for enactment this year of medical insurance for persons 65 and over under the Social Security program.

He made the message his first one on a specific subject in the new session, thereby giving it high priority.

"I believe this year is the year when, with the sure knowledge of public support, the Congress should enact a hospi-

tal insurance program for the aged," the President said.

Johnson called, too, for a five-year program of grants "to develop multipurpose regional medical complexes for an all-out attack on heart disease, cancer, stroke, and other major diseases."

Aides said 32 medical centers would be built in various parts of the country at a cost of \$1.2 billion.

Another major new proposal would set up a system of grants "to help cover basic operating costs of our health profession schools in order that they may significantly expand both their capacity and the quality of their educational programs."

Johnson said tuition and fees paid by medical and dental stu-

dents actually defray less than half the cost of their education.

"We must face the fact," he said, "that high operating costs and shortages of operating funds are jeopardizing our health professions educational system."

Also included in Johnson's proposed health package were better health services for children and youth, improved community mental health services, more ambitious federal aid effort to rehabilitate the disabled, improved services for the mentally retarded, and legislation to tighten up federal control over barbiturates and other psycho-toxic drugs.

The President, in his message, put no dollar figure on the total cost of his proposals.

But he described the package as representing "attainable horizons of a greater society which a confident and prudent people can begin to build for the future."

First priority in the lengthy document went to health insurance for the aged.

"I ask," he said, "that our Social Security system — proved and tested by three decades of successful operation — be extended to finance the cost of basic health services. In this way, the spectre of catastrophic hospital bills can be lifted from the lives of our older citizens."

Johnson said that, in addition to such an insurance plan, "we should encourage private insur-

ance to provide supplementary protection."

The President said his plan would "provide protection against the costs of hospital and post-hospital extended care, home nursing services, and outpatient diagnostic services."

Besides medical care the items in the package followed recommendations made to Johnson last month by his Commission on Heart Disease, Cancer and Stroke, headed by Dr. Michael DeBakey, Houston heart specialist.

In line with its suggestions, Johnson is asking Congress to provide \$1.2 billion over the next five years for 32 regional medical centers that "can provide the most advanced diagnosis and treatment for heart disease,

cancer, stroke and other major diseases."

The President promised in his presidential campaign to give top priority this year to a drive for medical insurance for the elderly keyed to the Social Security program.

He said in his State of the Union message to Congress Monday night that "a just nation" should throw open to the elderly "the city of promise" by providing hospital care under Social Security.

"I propose," he said then, "we begin a massive attack on crippling and killing diseases."

At another point he said: "Greatness requires not only an educated people but a healthy people. Our goal is to match the

achievements of our medicine to the afflictions of our people."

"Regional medical centers can provide the most advanced diagnosis and treatment for heart disease, cancer, stroke, and other major diseases."

Most of the centers would be associated with major universities. The aim is to bring the latest medical techniques and treatment facilities to all sections of the country.

The chief executive also is seeking increased federal financial aid for medical and dental education. And he is proposing community centers to treat the mentally ill and to offer health care to the mentally retarded and to school-age children from low-income families.

Sukarno Withdraws Nation

Indonesia Quits United Nations

BULLETIN

JAKARTA, Indonesia (AP) — President Sukarno Thursday night announced Indonesia's withdrawal from the United Nations. In taking this decision, Sukarno thus ignored appeals made by practically the whole world, including his allies and friends in the African — Asian camp, to keep his country in the world organization.

JAKARTA, Indonesia (AP) — Foreign diplomats in Jakarta said today that President Sukarno still insists he will withdraw Indonesia from the United Nations.

The diplomats, who saw Sukarno in the past few days, refused to be identified.

Sukarno was to address a mass rally tonight, one week after threatening in another speech to pull Indonesia out of the world organization. State Minister Soepeno said the president would make good his threat.

A parade of foreign ambassadors continued to call on Foreign Minister Subandrio to dis-

cuss Indonesian withdrawal from the United Nations. Only the Red Chinese were reported approving the move.

Indonesian delegates at U.N. headquarters in New York informed officials of the organization orally last Friday that their government was withdrawing because Malaysia — which Sukarno has sworn to crush — was admitted to the Security Council. However, written notice of the withdrawal has not been delivered. There has been speculation that the Indonesians are having second thoughts.

The Indonesian Information Ministry minimized the British military buildup in Malaysia and urged Indonesians not to be scared. The ministry in a statement accused Malaysia of "deliberately exaggerating" the buildup and said it was "an excuse for eventual reciprocal attack on Indonesia."

Informed sources in Kuala Lumpur, capital of Malaysia, said Indonesia had moved units of its crack Siliwangi Division to bases facing Malaysian Borneo, the big island which Indonesia and Malaysia share.

Changed Position Of Wings

Controversial TFX Plane Makes Aviation History

FORT WORTH, Tex. (AP) — The controversial TFX biservice fighter plane made aviation history when it successfully changed the position of its variable-sweep wings during an hour flight Wednesday.

The plane's design enables it to have its wings outstretched almost straight for added life and short takeoffs, then sweep them back to reduce drag for supersonic speeds.

Never before had a plane utilizing the retractable wings performed so well in the effort to solve the problem of incorporating short takeoffs and landings with high speed into a single aircraft.

Pilot R. L. Johnson and copilot Val Pahl flew the TFX, designated the F111 by the Air Force, on its second flight Wednesday to an altitude of 10,000 feet, then moved the wings from their forward position of 16 degrees back to the full swept angle of 72.5 degrees.

This test was at a speed of about 400 knots — approximately 450 miles per hour. Johnson said on the third flight, not yet set, the TFX will attain supersonic speed.

The plane is designed to reach 2.5 times the speed of sound, approximately 1,600 m.p.h. Johnson said the multipurpose jet cleared its primary hurdles with "one minor exception." He said several minor stability tests could not be performed because at one point the one engine developed a slightly high temperature and erratic fuel flow.

On its maiden flight the TFX pilots experienced trouble with the flaps.

Rivers Drop

As California Gets Breather

Hundreds Stranded In High Sierra By Snowstorms, Gales

SAN FRANCISCO (AP) — Swollen rivers receded and rains tapered off today to give flood-ravaged Northern California a welcome breather. Relentless nature turned her winter wrath on the High Sierra, stranding hundreds of travelers in blinding snowstorms and freezing gales.

Several hundred residents of the Eel and Mad rivers districts straggled back to the homes they fled the past two days when torrential rains sent waters raging up to flood stages. Forecasts of only scattered showers promised improving conditions.

The three-week storm that had deluged large areas of Northern California and four other Western states — Oregon, Washington, Nevada and Idaho — raged unabated in the High Sierra on the Nevada-California border.

At least two transmountain buses and dozens of cars were marooned on 7,200-foot-high Donner Summit Wednesday night as a howling blizzard reduced visibility to zero.

Authorities said the road would remain closed for the night and possibly through today.

Officers Will Assist Parking Meter Check

Police will be assigned temporarily to help check parking meter violations as four of the six city "Meter Maids" are off duty because of illness, Safety-Service Director Robert E. Voderay said today.

The "Meter Maid" force includes four regulars and two part-time appointees, the director said. One woman is required to operate the office at City Hall, so only one is available to check meters, he said.

The assignment of patrolmen to meter checking will be eliminated as soon as one of the "Meter Maids" returns to duty, the director said. The policemen will be assigned to check violations in the center of the business area — Washington, Market, 6th and 4th Sts., he said.

Rhodes Budgets \$235 Million For Ohio Education

COLUMBUS, Ohio (AP)—A \$235-million budget for higher education in Ohio, including \$60 million more operating money for the next biennium was disclosed by Gov. James A. Rhodes today.

The governor, in announcing the total budget for the state's colleges and universities for the 1965-67 school years, declared:

"This is a 35 per cent increase over the previous biennium, the greatest single increase in Ohio's history. It also represents the largest amount ever earmarked for higher education in the state."

The governor added that during the four years of his administration "we will have increased the higher education allocation more than \$93 million — our \$235 million budget just doubles the allocation for higher education since 1960."

Benefiting from the record budget are six state universities, one state college, two state medical schools, two community colleges, three municipal universities, 33 university branches, including that at Dayton, one agricultural research center (Wooster), five branch agricultural research centers, Ohio State University's extension service in 88 counties, the state library, the historical society, student loans and education television network (ETV).

The governor gave this breakdown to the various facilities:

Bowling Green State University \$16,995,000; Central State College \$5,035,000, Cleveland State University, \$5,670,000, Kent State University \$25,819,000, Dayton State Campus (OSU-Miami branch) \$5,607,000; Miami University, \$19,517,500; Ohio University \$24,221,000; Ohio State University \$91,930,000, Ohio State Medical School \$10 Million, Ohio State University Extension \$3 million, Toledo Medical College \$250,000, University of Akron (municipal) \$1,323,600, University of Cincinnati (municipal) \$2,739,800; University of Toledo (municipal) \$1,576,000, Cuyahoga County Community College \$2,156,000, Lorain County Community College \$644,000, other university branches \$6,989,600, state library \$909,000, Ohio Agricultural Research Center \$5,358,531, Educational Research \$2,200,000.

Dr. John Millett, chancellor of the Ohio Board of Regents, commenting on the budget, declared: "The requests of the Board of Regents have been met by the administration. This is the greatest financial step ever taken in the field of higher education in Ohio."

Gov. Rhodes said the budget is part of the master plan being developed by the Board of Regents, adding: "We are taking higher education to the population centers of Ohio. No boy or girl in the state will be denied a college education under this broad program."

Not Just Deep South

Johnson Eye On Nation To Erase Vote Obstacles

WASHINGTON (AP) — President Johnson's eye was on the nation — not just the Deep South — when he called for elimination of obstacles to voting, a highly authoritative source said today.

The source said Johnson wants Congress to take steps aimed at reversing the nation's historically low voter turnout as well as ensure the rights of Negroes to vote in the South.

The Justice Department, it was understood, will advise the President whether to seek his goal through legislation, a constitutional amendment, or both.

The administration is known to be considering an amendment that would end literacy tests as a qualification for voting and that would fix residence requirements for voting in federal elections.

More than oratory was involved when Johnson made two separate references to voting rights in his State of the Union address Monday; the differences in wording were deliberate.

At one point, he said, "I propose we eliminate every remaining obstacle to the right and opportunity to vote."

Later, he said the nation should open a "city of promise" to Negro Americans, through enforcement of the civil rights law and elimination of barriers to the right to vote."

Johnson, it was learned, shares the concern of Justice Department officials over the slow, county-by-county struggle to win full voting rights for

Southern Negroes. Thus department lawyers are studying the possibility of legislation that would permit federal officers to take over the job of registering voters in areas where discrimination is found.

Judge Enters 2nd Term Bid On City Bench

Municipal Judge Samuel M. Chertoff filed today with the County Election Board to seek nomination for a second six-year term in the Democratic primaries May 4.

Judge Chertoff assumed the bench Jan. 1, 1960, replacing Judge George L. Brokaw, after winning a three-way race in the general election on Nov. 3, 1959.

Although Municipal Court candidates run with party labels in the primaries, the aspirants are listed on the non-partisan judicial ballot in the general election. The city judicial district includes all of East Liverpool and adjoining Liverpool Township.

Judge Chertoff has practiced law since 1935. In 1936 and 1937, he served in the relief department and supervised reeducation of city ordinances. He became assistant county

\$175 Million Budget Due In West Virginia

Teachers Will Get Pay Increase Under 1965-66 Program

Teachers Will Get Pay Increase Under 1965-66 Program

CHARLESTON (AP) — The West Virginia Board of Public Works may complete its draft of a budget for the next fiscal year today with a proposal totaling nearly \$175 million.

The board reached tentative agreement Wednesday on a budget which, among other things, would give public school teachers raises totaling \$6.5 million and continue a disputed \$6.34 million allocation for roads.

Today's meeting was set to determine how much revenue will be available to finance the tentative recommendations. The board planned to review figures presented by Finance Commissioner Truman Gore.

The session today could end the board's task of drafting a budget for the 1965-66 fiscal year. The recommendation will go to the 1965 legislature, which begins a 60-day session next Wednesday.

The recommendations given tentative approval Wednesday add up to a budget between \$170 and \$175 million. The current fiscal year budget amounts to \$156.1 million.

The proposed teacher salary increases would boost pay \$60 a month for holders of doctorate degrees, \$50 a month for those holding master's degrees, \$40 for holders of bachelor's degrees, and \$10 for non-degree teachers.

Other education items include: a \$1.8 million increase in aid to county school systems to cover increases in operating changes.

Not 'Political Issue'

Sheriff Explains Lid On Hancock

A clampdown on gambling and illegal activities in Hancock County is not a political issue but a determination on his part to enforce the laws, Sheriff Joe Rodak told a news conference Wednesday at his office in New Cumberland.

Rodak, who took office Jan. 1, said he called the conference because of misrepresentation of his activities by certain news media and to inform the public where he stands on the crackdown which went into effect last midnight.

"I'VE HAD 14 years' experience in police work and I will run the sheriff's office as I see fit. No political factions or operators of gambling equipment are going to tell me how to perform the duties of sheriff of Hancock County."

"I intend to stop all illegal activities in the county, especially those involving teen-agers."

Rodak said he will make no exceptions in enforcing the laws, adding the clampdown affects clubs, business establishments, political factions, fraternal organizations, service organ-

izations, church societies, and individuals.

He gave several reasons for the crackdown, chief among them being the teen-age problem and the threatened flow of the criminal element into Hancock County.

"THE TEEN-AGE problem in the county has been getting out of hand. Prosecuting Atty. Arch Riley of Ohio County and Mayor John Targoss of Steubenville have made statements about clamping down on racketeering and vice elements in their areas."

"We don't want those characters trying to establish themselves in Hancock County."

"Furthermore, I think the law should be enforced for the betterment of all people, and not for the select few involved in certain businesses," the sheriff declared.

He said teen-age drinking has become a problem in the county because a number of establishments in the northern end of the county and the Weir Ave.

Major Schedule Changes

U.S. Plan To Orbit Three In 1966 Suffers Setback

HOUSTON, Tex. (AP) — The U.S. plan to orbit three astronauts in an Apollo moon spacecraft in 1966 suffered its first setback today with announcement of major schedule changes.

Also caught in the revisions was the third Saturn manned mission, which was replaced by an unnamed earth orbital test of the lunar excursion module — LEM — which will carry astronauts to the moon's surface.

Dr. William A. Lee, head of the Operations Planning Division at the Manned Spacecraft Center, said the delay in the first three-man orbital flight should be small.

"Instead of making the launch earlier in 1966," he said, "it will be later in 1966."

Because of the closeness of the schedule, however, prob-

lems could send the mission into 1967, observers pointed out.

Original planning called for two unmanned sub-orbital flights of the powerful Saturn 1B rocket. The third, assuming no major setbacks occurred on the previous two, was to be flown by three astronauts.

Lee said the third flight now was scheduled to be a test of the second-stage booster, called the Saturn 4B, and its propellant tanks, which hold liquid hydrogen and oxygen.

To save weight, the Apollo spacecraft will not be used — only a nose cone, Lee said.

The tanks carry 223,500 pounds of fuel and will be filled. In earth orbital trips using the three-stage Apollo spacecraft, the tanks will be only partly filled, Lee said, to reduce weight.

Judge Will Be Given Oath In Appeals Court

YOUNGSTOWN — Judge George M. Jones, newly-appointed to the 7th District Court of Appeals, will receive his oath

from Judge Paul Brown at the Trumbull County Courthouse at Warren Friday morning at 11. The Trumbull County Bar Association will conduct the ceremony. Judge Jones was appointed re-

cently by Gov. James Rhodes for the unexpired term that began Jan. 1. The vacancy was created by the election of Judge Brown to the Ohio Supreme Court. Judge Jones served previously.

Scranton To Ask Counties' Help In Paying Of Relief

HARRISBURG, Pa. (Special)—County government participation in Pennsylvania's huge relief burden will be sought by Gov. William W. Scranton during the 1965 session of the General Assembly.

"We are the only major state, aside from Missouri, which now pays the entire bill for relief," Scranton said. "I think local governments pay 50 per cent of the relief bill in New York, and it perhaps is higher than that in New Jersey."

"We will introduce legislation to have the counties assume part of the cost of the relief program, then try to negotiate the degree of their participation," the governor said.

An administration source had indicated that only nominal participation will be sought this year, perhaps no more than that the counties pick up the administrative costs.

Pennsylvania currently is budgeted at a total of \$250,000,000 a year for relief, of which about \$120,000,000 is state money and the remainder of which is provided by the federal government.

Of this sum, as of last November, the monthly disbursements throughout the state amounted to \$22,786,430.

At the same time that he said he will seek the shift of some of the costs of relief, the governor said that there is no prospect for a tax cut.

Democratic critics of his "State of the Commonwealth" address Tuesday held that taxes are too high if the state will end the fiscal year with a \$60,000,000 surplus.

The surplus actually may be greater than that. The budget office reported it collected \$87,500,000 in revenue during the month of December.

That sum was \$14,700,000 more than had been estimated for the month, and the big collections in sales tax revenue from Christmas buying still is to be reported.

Scranton pointed out in his speech Tuesday that the surplus will be consumed, as will continuing high tax collections in the next fiscal year, by his proposals for new expenditures and by mandated increases in a number of budgetary items.

Figures Are Given For Relief In Beaver

In Beaver County, where 2.3 per cent of the population is on relief in one form or another, according to figures released at Harrisburg, the November disbursements were \$274,587. Of this total, the administrative costs were \$18,053.

In Allegheny County, where 4.6 per cent is on relief, disbursements were \$4,773,125, with administrative costs \$380,135 for the month.

Gosney, Wife Invited To White House Fete

A scheduled meeting of Columbiana County Democrats Tuesday has been postponed because Don R. Gosney, county chairman, will be dining formally at the White House.

Mr. and Mrs. Gosney have been invited to the dinner being held by President Lyndon Johnson in honor of Japanese Prime Minister Eusaku Sato, who will be visiting Washington next week.

Gosney said the county meeting will be held Jan. 14 at 8 at the Democratic headquarters at Lisbon. Plans will be made for the approaching municipal primary elections, he said.

Father Killed, Son Hurt In Auto Wreck

DAYTON, Ohio (AP)—Harry E. Case, 40, of Miamisburg was killed Wednesday night in a single-car accident on U.S. 25 south of the Ohio 741 intersection in Montgomery County. His 10-year-old son, Harry Jr., was taken to Kettering Memorial Hospital for treatment of injuries.

The boy was under sedation and listed in satisfactory condition. Hospital officials said he had not been told of his father's death. His mother, who reportedly was separated from Case, was en route to the hospital from her home in Aberdeen in Brown County.

A similar meeting will be held by the East Palestine Busy Mrs. demonstration group Wednesday a. 1:30 p.m. in the Buckeye Room at the New Waterford Bank, according to Miss Ann Overturf, associate county extension agent in home economics.

Firm To Build Docking Wall

The Army Corps of Engineers at Pittsburgh said Parsons Coal Co., Inc., of 1st and Jackson Sts. has made application for permission to construct a wall extending 520 feet downstream from its existing wall along the right bank of the Ohio River.

Howard E. Parsons, president, said the firm has purchased the S. C. Williams Co. property as part of a business expansion. The S. C. Williams Co. manufactured cardboard boxes.

The buildings are being used for storage and the new wall will provide additional space on the river front for tying up barges, Parsons said.

This will provide a full, 1,500-foot of space on the riverfront, running from Market to Jefferson Sts.

The engineers at Pittsburgh said interested parties are invited to state any objections they may have to the work, from the standpoint of river navigation.

The information will be made part of the record. Such statements will be received and considered in the office in the Federal Building until Jan. 27.

City Hospital Eligible For Student Loans

Miss Nell Robinson, superintendent of City Hospital, announced today that the U.S. department of Health, Education, and Welfare, Public Health Service has approved the application of the hospital School of Nursing for three years participation in the newly created Federal Student Loan Fund Program in eligible schools of nursing.

The loan fund is supported by federal capital together with funds from the local school of nursing. Loans may be made to any full-time student pursuing an accredited course of study leading to a diploma of nursing.

It is anticipated the loans will be available to students entering the program from July 1965. Miss Robinson said students with demonstrated need for financial assistance may borrow full tuition costs. Repayment of the loan may be made over a 10-year period beginning at the time of graduation.

If the graduate remains actively employed in nursing, 10 per cent of the total loan to the graduate is canceled each year up to five years. Persons interested in applying for these loans may contact Miss Ethelyn Exley, educational director at the hospital school.

Reported In Miami For Attempt

One Of Accused May Lead Police To 'Star Of India'

MIAMI, Fla. (AP) — Allan Dale Kuhn, 26, is in Miami in a reported attempt to lead police to the Star of India sapphire and 21 other jewels he and two others are accused of stealing.

The world's largest cut sapphire and the other gems — valued at \$410,000 — were taken Oct. 29 from the American Museum of Natural History in New York.

Kuhn flew here Tuesday from New York. Authorities were giving out no information but New York and Miami newspapers printed some details of the behind-the-scenes maneuvers to-day.

The crack in the case started late Tuesday when Kuhn reportedly told New York authorities he might be able to get his hands on the Star of India and

the other jewels if he could get to Miami.

Kuhn is accused of the theft along with fellow beach boys Jack (Murph the Surf) Murphy, 27, and Roger Frederick Clark, 29.

While Murphy and Clark remained in a New York jail under high bond, Kuhn was permitted to fly to Miami in the company of two detectives and a Manhattan assistant district attorney. He was said to be "under surveillance," but not in custody.

Presumably, this was to permit Kuhn to operate freely in gaining recovery of the jewelry. There were reports that Kuhn would be back in New York early today, but a check of airplanes failed to show him aboard.

He was spotted by newsmen Wednesday night at his fancy oceanfront apartment in Miami, accompanied by a man who said his name was "Charlie Smith" and who insisted he was not a detective. The two bolted from Kuhn's apartment out a fire door and disappeared.

Pughtown Services To End Friday Night

Let's Hope It Sticks This Time

The history of "crackdowns" in Hancock County being what it is, announcement of any new cleanup of gambling and liquor spots must be taken with a grain of salt unless time and results prove it otherwise.

The county's new sheriff, Joe Rodak, has embarked on a cleanup of his own, with the clear warning that "all violations of the law will be prosecuted."

Particularly encouraging was Mr. Rodak's statement, "I am directing the enforcement in a move to curb teen-age involvement in gambling and illegal beer sales."

Judicial Reform For Ohio

The judicial reform that would be possible in Ohio under a proposed constitutional amendment is one of the most exciting prospects of the new session of the General Assembly.

Sen. Edmund A. Sargus (D) of St. Clairsville is one of the sponsors of the action in the Senate.

The main terms of the proposal are appointment of Supreme Court and Appeals Court judges, an age limit of 70 on judicial candidates and authority for the Supreme Court to administer the Ohio judicial system.

Of these the most important is the appointment of Supreme Court and Appeals Court judges.

Appointments would be made from lists prepared by a bipartisan judicial nominating commission. All nominees would be qualified, in the judgment of the nominating commission.

He plans to obtain the cooperation of city officials, other residents and the West Virginia state police in his campaign. We hope he succeeds — and that the cooperation will be as nearly 100 per cent as possible. It will take such cooperation to get the job done in view of the damage that has built up over the years.

Sheriff Rodak can perform an outstanding service for the people of Hancock County and the entire Northern Panhandle if he can overcome the forces that will be pulling in the opposite direction and make the cleanup stick.

This would pre-screen judicial candidates far more thoroughly and competently than they can be sorted out in the hurly-burly of primaries.

Judges wishing to continue to serve would be required to run against their own records, which makes sense.

This is a measure of reform that has been agreed on and supported before by many Ohioans. It is a safe bet that if a proposal incorporating it and other sensible reforms were put on the ballot and explained thoroughly to Ohio voters, acceptance would be a matter of course.

Electing judges works as well as it does now only because most voters rely on the recommendations of those in a position to know the qualifications of the candidates. It is impossible to have first-hand knowledge of candidates for Appeals Courts and the Supreme Court.

the job right and have the notes chockful of family information, like the ones other people send us. We do enjoy the notes we get and envy and admire people who have the gumption to do the job well, even though they make us feel guilty for not doing as well as them.

Another advantage of our New Year's resolution is that most such resolutions have already been broken by the time you get this, but our resolution can't be broken until next September.

I'LL BET you never kept a New Year's resolution for nine months. You can see what a boost this will be to our morale, even though we should, in a moment of weakness, happen to break the resolution next September.

No matter what happens it will be a new record for us at keeping resolutions.

Our biggest hazard is that we will just plain forget all about it next fall and break the resolution in ignorance, which should not count.

A person is supposed to be able to account for his actions, but this would be a mental lapse and excusable under the circumstances.

It would help if you would make a note on your desk calendar and drop us a reminder next September. Any help you can provide will be appreciated.

YOU COMMENTED the other day that everybody complains about the U.S. foreign policy but nobody knows what to do about it. The reason is obvious.

It is because the policy is "foreign." Think what problems all the other countries are having about their foreign policies, including what to do about the United States.

Faithfully yours,
MAX

Hndwrtnng On Wl

Want to brighten the dull days of January?

You know that list of things that are going to be needed on the next trip to the supermarket—the one that hangs on the back of the broom closet door?

Wait until the lady of the house has jotted down a half dozen items, then add a few lines when she isn't looking to her "hndwrtnng on wl."

When she gets to the store and comes to "I love you truly" she won't know whether to look at the pickles or the frozen food department.

Give her something to chew her lip about when she comes across this inscription: "Look b-4 crsng." By the time she has figured out that it isn't in the dairy case, she will have crossed into miscellaneous household items and never looked at all.

What better time to confront her with "Nu brm" than between her own reminder to look for "wnd spn" and "plstc spat"—for wooden spoon and splastic spatula for the cooking pots Santa brought her—the ones with the patented coating that must not be scratched with metal implements?

To test her reflexes under stress, try "fog dood" on her shopping list and see if she can comprehend that dogs must eat, too.

Put her over the supermarket jumps on "decils smoohsim" for sliced mushrooms spelled backward. Try that old standby "habuns" for hamburger buns.

It isn't as if she were starting from scratch on this proposition.

Her own list contains "fr p," "hmny," "apl frtr," "TVD" and "B prs" for frozen peas, hominy, apple fritters, TV dinners and Bartlett pears.

She is the joker who sends people to hardware stores to buy "50 clths" for 50 feet of clothesline and "dz cp hngrs" for a dozen cup hangers.

So what if she runs across a declara-

tion somewhere between tomato paste and sliced bacon that her slip is showing or her seams are crooked? She will know someone cares when she reads "Yr slps shows" and "R yr laigs crooked?"

Tickler her funnybone with "Bring home a mink." She can stand a laugh after looking at the prices in the meat department. "U drpd yr prs" will amuse her.

Or how about asking an innocent question just as she clears the frozen orange juice, before she gets to farm produce—"U have car keys?"

"Yes, we have no bananas" will give her a lift as she passes the coconuts and summer squash.

And for a clincher at the end, if you were lucky enough to write the last word—"Rmbtr to buy—" like that—

Even if she knows it isn't her writing, she will try to remember whatever it is she is afraid she has forgotten.

If you really love her, just scribble "Njrpst." She will chew a nail to the knuckle on that. What does it mean? Nothing. Just "Njrpst."

AFL Offers Practical Ideas On Viet Aid

By Victor Riesel

Anger is ripping through the Asian section of the U.S. Department of State like a Vietcong bomb in a Saigon cafe. The department's Viet Nam "desk" has been incensed by a confidential report just submitted to George Meany, the nation's highest union chief, by a special labor mission he and his colleagues dispatched recently to Viet Nam.

In effect, the document says that for years now the U.S. specialists have overlooked the most simple and basic techniques of winning the Vietnamese workers and peasants and farmers over to the anti-Communist crusade despite the expenditure of hundreds of millions of American dollars.

The report, which has been attacked by State Department officials, spells out effective aid in terms of fertilizer, tools, animals, fish nets and motor bicycles, in contrast to the impractical long-term visionary economic development projects conjured up by the U.S. government advisers.

American specialists, for example, now are preparing to give the shaky Viet Nam government many millions for urban renewal — remaking of Viet Nam cities.

HOWEVER, the document submitted to Mr. Meany on Dec. 23 by labor's special envoy, George Baldanzi, United Textile Workers president, says bluntly "... eighty-five per cent of the Vietnamese people live on the land; urban renewal has no present relevance for them."

That is why, in his report, Mr. Baldanzi says, "You will note that we have made no recommendations for any large-scale programs for housing or general economic development."

This would mean little to the workers and their leaders with whom Baldanzi talked — and he courageously went about Viet Nam talking to fishermen, peasants, railroad workers, seafarers, rice workers, longshoremen, people of the "junks" (sampans), as well as the head of the labor federation who had been arrested by the government.

THE FISHERMEN'S neutrality is reflected among the farmers and peasants who are constantly in debt and hounded by usurers. The peasants need loans to buy small plots and fertilizer and insecticide to work the stubborn soil.

Government fertilizer prices

are high. But back in the 1958-1960 period, the Vietnamese Federation of Labor's (CVT) peasants union organized its own fertilizer purchasing units. The speculator's price tumbled. The farm people did a little better because of the lower prices. But then the Viet Nam government outlawed them and prices shot up again.

The CVT is an anti-Communist labor organization which trusts the Americans. But it is harassed by the government. Recently its leader, Tran Quoc Buu, was arrested and saved from torture and a dungeon by Meany's intercession.

This CVT has headquarters deep in the territory saturated by the Vietcong. Buu's men could have an effective anti-Communist network which the people would trust. But they get no cooperation.

"This union needs small motor bicycles and financial assistance to keep its organization and continue its penetration into Communist-controlled areas," Baldanzi reports.

BUT NEITHER the motor bikes for our friends, nor just a little money for tools, animals nor chemicals are being supplied.

This could mean disaster. Baldanzi sums it up incisively when he says: "In the kind of guerrilla warfare in which we are engaged, we must have the civilian population on our side. But the fact that all the sabotage (the blowing-up of bridges, the burning of government buildings) is carried on against us and there is no sabotage against the Vietcong, is clear evidence ... of how the Vietnamese people feel about the present struggle."

"At best, they are standing by."

Eight presidents have died in office and 16 times the country has been left without a vice president.

Luckily, each time a president died there was a vice president to take his place and serve out the term, although this left the vice presidency vacant. But seven other vice presidents died in office, and one resigned.

Thus the country has been repeatedly faced with the twin question: "What happens when a president is disabled or when a president dies and there is no vice president?"

Congress has skipped around the problem from the beginning but this year it will probably, at last, come up with a solution. It's already headed toward one although this new Congress is less than a week old.

President Johnson in his State of the Union message Monday night promised to suggest laws to "ensure the continuity of leadership should the president become disabled or die."

He knows the problem first hand. The country has been without a vice president since he went into the White House after President John F. Kennedy's death Nov. 22, 1963 and will be until Jan. 20 when Hubert H. Humphrey becomes vice president.

Johnson got a quick response to the suggestion in his message but only because the ground-work was laid in 1964.

Last September the Senate by a 65-0 vote approved a proposed constitutional amendment intended to settle the two questions on succession. But the busy House failed to act.

That meant it had to be done all over again in this new Congress. And Tuesday enough senators to pass a succession-disability measure promptly offered it.

Sen. Birch Bayh, D-Ind., introduced it for himself and 66 Senate co-sponsors, the exact two-thirds majority needed for Senate approval if all 100 senators were present and voting the day the decision is made.

Short-Sighted Financing

By David Lawrence

Deficits Are Anything But Healthful

The American people are told by the president each January what the budget is going to be for the fiscal year that begins on July 1 and ends on June 30 of the next year, but rarely does the final figure of what is taken in or spent match up with the estimates.

In fact, the David Lawrence so-called budget has become such a conglomeration of expenditures and receipts authorized for future months, and there are so many obligations left over from previous years, that the only figures worth watching are what the federal government actually takes in and what it actually spends each year.

So the important figure isn't what presidents have set forth in January—or what Mr. Johnson will give in forthcoming messages to congress. It's the figure that can be tallied up at the end of every fiscal year on June 30.

The outlook now, for instance, on what is called the "cash budget" is for the government to spend around \$126 billion in the next fiscal year. Cash income may be around \$120 billion. But not included are the increased expenses expected for Social Security, which might make the total figure of expenditures \$127 billion.

THE CASH BUDGET includes all the money spent for Social Security as well as regular budget outlays. Though the citizen, through payroll taxes, contributes certain sums in each year, this isn't kept in reserve but is expended every year on the theory that the government can always borrow to pay Social Security benefits hereafter if there's not enough cash on hand.

Even if only the regular budget figures are considered, the estimates of net results given by a president in January have turned out to be over-optimistic in five out of the last seven years, and it looks as if the score will soon be six out of eight.

Either the expenditures have been beyond the presidential estimates submitted to Congress or the tax receipts were below the estimates. In fiscal years 1961 through 1963, for example, the predictions were for surpluses in the regular budget ranging from a half-billion dollars to \$4.2 billion. In those same years there were actual deficits running from \$3.9 billion to \$6.4 billion.

As an average, the deficits over the last eight years have

been around \$5.7 billion, as compared with the \$1 billion predicted.

GOING BACK to 1950, there have been surpluses in the cash budget only in 1951, 1956, 1957 and 1960, and an even outcome in 1952. Thus, far more money has been spent in those 15 years than has been collected in taxes. The expectation is that the next fiscal year, beginning July 1, will show a cash deficit of around \$6 billion.

If all the cash deficits incurred since 1950 are added up, the total comes to \$50 billion. When this is offset by surpluses totalling around \$15 billion, the net deficit on a cash basis for 16 years comes to about \$35 billion.

This stupendous sum isn't often mentioned, as the government likes to refer to the administrative rather than the cash budget because the former is much more easily manipulated and cannot be as readily understood by the people.

Except for national defense, the largest outlays are for welfare, and these are spread over so many different kinds of items that the impact of the spending is not readily appraised, particularly since there is so much borrowing against future receipts.

IN THE FACE of such a bizarre method of handling the government's finances, it comes as a surprise that plans are being made for further cuts in taxes, especially in the field of excise levies. The argument advanced is that these cuts will stimulate business. What is overlooked, of course, is that state taxes have been rising consistently over the last several years.

A large part of the national economy is artificially supported. National defense spending—which, of course, is non-productive—is the biggest single item in the budget. There isn't the slightest tendency nowadays to bring about either a balanced administrative budget or a balanced inflow and outflow of cash.

The chief dependence is on "p u m p-priming." Meanwhile, the public debt is rising steadily.

There are no signs, moreover, that any restraint is being applied on the wage side of the wage-price structure, which has an influence on the whole business situation and could produce a dangerous inflation.

Each year is looked at separately as a unit, and nobody seems concerned about what the long-range future will bring. The story given out is that deficits are healthful and stimulating but the history of nations shows that this fallacy is ultimately disproved.

The Twin Question

By James Marlow

WASHINGTON

Eight presidents have died in office and 16 times the country has been left without a vice president.

Luckily, each time a president died there was a vice president to take his place and serve out the term, although this left the vice presidency vacant. But seven other vice presidents died in office, and one resigned.

Thus the country has been repeatedly faced with the twin question: "What happens when a president is disabled or when a president dies and there is no vice president?"

Congress has skipped around the problem from the beginning but this year it will probably, at last, come up with a solution. It's already headed toward one although this new Congress is less than a week old.

President Johnson in his State of the Union message Monday night promised to suggest laws to "ensure the continuity of leadership should the president become disabled or die."

He knows the problem first hand. The country has been without a vice president since he went into the White House after President John F. Kennedy's death Nov. 22, 1963 and will be until Jan. 20 when Hubert H. Humphrey becomes vice president.

Johnson got a quick response to the suggestion in his message but only because the ground-work was laid in 1964.

Last September the Senate by a 65-0 vote approved a proposed constitutional amendment intended to settle the two questions on succession. But the busy House failed to act.

That meant it had to be done all over again in this new Congress. And Tuesday enough senators to pass a succession-disability measure promptly offered it.

Sen. Birch Bayh, D-Ind., introduced it for himself and 66 Senate co-sponsors, the exact two-thirds majority needed for Senate approval if all 100 senators were present and voting the day the decision is made.

It's similar to what the Senate approved last year: letting the president nominate a new vice president when that office becomes vacant, provided a majority of House and Senate in joint session approve the choice.

Also, if a president couldn't perform his duties, the Bayh measure would let the vice president take over as president until the president recovered, again provided a majority of the Cabinet approved.

The Constitution is vague on the disability problem, merely saying that when a president can't perform his duties his powers shall "devolve upon the vice president." But it didn't say how. And that's been the puzzle.

Presidents Dwight D. Eisenhower and Kennedy had an understanding with their vice presidents—Richard M. Nixon and Lyndon B. Johnson—about what to do in case of presidential disability.

But this was an agreement between a couple of men each time and didn't have the force of law. The fact that it didn't was proof of how Congress had ducked the responsibility of doing something about it so long.

Under present law, the speaker of the House of Representatives would become president if there was no vice president and the president died.

\$25 Million Research Lab Set For North Carolina

WASHINGTON (AP) — The government's \$25 million research center to study the effect on man of environmental contamination of air, food, milk and water will be built in North Carolina.

Secretary of Welfare Anthony J. Celebrezze late Wednesday designated the North Carolina Research triangle—the Raleigh-Durham-Chapel Hill area—for the National Center for Environmental Sciences.

The center will house 1,000 or more persons.

Celebrezze also announced preliminary plans for construction of new facilities in Cincinnati at the Robert A. Taft Sanitary Engineering Center to consolidate the environmental health activities now scattered in nine locations in the Ohio city.

And he said a specialized Appalachian regional environmental health facility would be established at a West Virginia site to be named, Sen. Robert C. Byrd, D-W. Va., said it would be in Morgantown.

Celebrezze gave no cost estimates for construction of the Cincinnati and West Virginia facilities.

Regarding plans for eventual consolidation of the environmental health staff into permanent facilities in Cincinnati, Celebrezze emphasized that the Public Health Service does not intend to curtail its programs there.

"The Taft center has been engaged in water research, for example, for more than half a century and has a proud record of accomplishment," Celebrezze said. "It is an asset that must not and will not be supplanted."

"There are a number of environmental health programs within the Appalachian region that stem from the particular industrial character and the economic and social condition of the area," Celebrezze said.

"These problems include acid mine drainage, resulting in water pollution, and the burning of waste piles, resulting in air pollution, and occupational diseases associated with the mining industry. These factors have played a part in the gradual deterioration of the health and economic well-being of the people of the Appalachian area."

Won't Propose Cuts

Rep. Passman, Arch-Foe Of Aid Plan, Mellowing

WASHINGTON (AP) — Rep. Otto E. Passman, arch-foe of the foreign aid program, shows signs of mellowing.

The Louisiana Democrat said in an interview he would not propose any cuts in the program this year until he sees how much money President Johnson wants for it.

"I am convinced that the President is sincere in his announced determination to cut out the waste in foreign aid," Passman said. "I am going to give him the benefit of the doubt because there is every indication that he means what he says. I am going to help him find all the waste there is in the foreign aid program."

For the last 11 years, Passman has headed a House Appropriations subcommittee that handles foreign aid financing. He heads the same group this year.

"How much do you claim to have cut the program during those 11 years?" he was asked.

"It is not a claim; it is a fact," he replied. "Congress has cut the program at least \$8 billion, and it should have done better."

Until last year, Passman had a remarkable batting average in his campaign to trim appropriations. Annually he came to the House floor armed with reams of statistics to back up his demands for reductions.

Last year was different.

The Appropriations Committee overrode Passman and recommended a cut of only \$219 million from the \$3.9 billion requested by the President.

The committee's attitude so incensed Passman that he declined to manage the bill on the floor. The House went along with the committee and ultimately Congress sent a little further. The final cut was \$296 million, lowest since Passman took over.

As for this year, Passman

said, "I shall reserve judgement this year until I see how much he wants. I hope his request is so low that we can go along with him most of the way. Advance information indicates that he will again make a low request. I will certainly work with him when there is an indication that he intends to clean up foreign aid and operate the program on the minimum needed to meet commitments previously made."

Chester Firemen Re-Elect Glover

William (Red) Glover of Virginia Ave., a postal employee, was re-elected Chester fire chief for a sixth term at a dinner meeting of the volunteer firemen Wednesday night at the fire station.

Other officers were retained at the event attended by 44. They include Alton Johnson, assistant chief; Jed Wilson, captain, and Clarence Lennens, secretary.

A number of retired firemen were honored and spoke briefly. Women of St. Matthew's Episcopal Church served the dinner. The annual report of the fire department is expected to be presented at the next meeting.

Motorist Forfeits

LISBON — Gordon S. Suttles, 34, of Masury, involved in a collision with Virginia M. Koffel, 45, of 519 Washington St., Wednesday, forfeited a \$15 appearance bond last night in Mayor Dean Stockman's court on a charge of failure to yield the right-of-way. Police Chief Leon Zahndt said there was damage to a headlight and fender of Suttles' 1963 sedan and similar damage to Mrs. Koffel's 1965 Thunderbird.

Forums Set On Juvenile Delinquency

A series of forums on "Juvenile Delinquency" will be launched at the meeting of the Lions Club Friday noon at the Travelers Hotel.

Arranged by Frank Fluno and Ralph Compa, the first speaker will be Police Chief Americo Radeschi.

At its Board of Directors

meeting this week, the club voted to increase its donations to Ohio Eye Research, Pilot Dog, Inc., and the school in Colombia, an international project. Donald Duke, Fred Kane and Charles Haugh said plans are being started for the annual minstrel show. Ernest Lowe will be director.

A dog turned over to the club has been accepted for training by Pilot Dog, Inc., in Columbus, George McCullough reported. A committee in charge of the

40th anniversary Charter Night, scheduled March 24, is seeking material for a display board, such as items, clippings, programs, and pictures. Members or former members with material may contact Richard Walker, co-chairman.

Discover the difference in the '65 Chevrolets
(As different from other cars as they are from each other)

CHEVROLET—As roomy a car as Chevrolet's ever built.

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. More room for shoulders and

feet. So, besides the way a '65 Chevrolet looks and rides and is powered, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

CHEVELLE—The most popular intermediate-sized car you can buy.

Of all the cars its size, Chevelle is the biggest seller. Why? Because of its Full Coil suspension ride. Because many models come with thick carpeting, vinyl interiors. Because you get so much for your money.

CORVAIR—The only rear engine American car made.

You should read what the car magazines say. They think there's nothing else this side of the Atlantic that can touch Corvair's styling and ride. They say that a Corsa with 180-hp just has to be tried.

CHEVY II—As economical a car as you can own, but...

But those rust-resisting rocker panels and self-adjusting brakes have never been in more beautiful surroundings. Come see what expensive looking styling and yards of luxurious upholstery can do.

CORVETTE—The only true sports car America makes.

Now everybody claims to have a "true" sports car. But other dealers can't say they have one available with a fuel-injected V8, as Corvette does. Or with 4-wheel disc brakes. Or with a clear conscience.

ABLE Maps Beaver Local Programs Aid

Plans for assisting education programs in Beaver Local School District were discussed at a meeting of the Association for Advancement of Beaver Local Education (ABLE) Wednesday night at the Public School.

Fifteen attended the session with Dr. Arthur Cloran, president, in charge.

Members stressed ABLE is not just a levy promotion organization, but is interested in

assisting all aspects of education in the district.

It was also emphasized that residents of the district should not consider their own areas—such as West Point, Rogers, Calcutta or Elkton—as separate from the district, but part of the whole Beaver Local school program.

Dr. Cloran expressed appreciation to PTA's, mothers clubs and other organizations which aided in passage of the new 5.4-mill operating levy in Tuesday's special election.

The group changed its meeting dates to the first Monday of each month in order to attend board meetings later the same night. The next meeting will be held Feb. 1.

8 Directors Returned By George Firm

EAST PALESTINE — Nine directors of the W. S. George Pottery Co. were elected at the annual stockholders meeting Wednesday at the American Legion home.

Eight of the nine were returned—James Walker, C. D. Brittain, George McKinstry, Lester Ward, James Lynch, all of East Palestine, M. J. Capozzi and John E. Capozzi, both of Canonsburg, Pa. and Atty. Francis Patrono of Washington, Pa.

Bryan Spait, an East Palestine contractor, was named to replace Leland Quinn, who requested to be relieved of his post of director. He is currently employed by the Royal China Co., which is leasing some George facilities.

Income for the 17-month period beginning August 1963 showed \$59,500 in rentals from Royal China and \$2,420 from sale of used materials and equipment.

Total income was \$61,920 for the firm, which has not operated its pottery facilities since 1960.

The principal items in expense were three interest payments to bond holders at \$6,000 each for a total of \$18,000; taxes totaling \$19,804; outstanding debts for materials and services totaling \$10,500, now all paid in full, and insurance, \$4,724.

During the period all back pay to employees was paid in full, Brittain, trustee, reported. The firm has paid all current taxes and is completing payment on back taxes amounting to \$8,000.

A balance of \$3,239 is on the firm's books.

30 To Take Test To Enter College

LISBON — Approximately 30 Columbiana County students will take the College Aptitude Entrance Board test Saturday at David Anderson High School, according to Cornell P. Monda, school psychologist, who will be in charge, assisted by George Nace, principal.

The college entrance examination will be given in the forenoon and the achievement test in the afternoon, in which 27 have signed up. Students may take one or both.

The same tests will be given here March 6 and May 1.

Students desiring to take the tests should apply at the College Entrance Examining Board, Box 592, Princeton, N.J., and pay the costs in advance. When accepted, they will receive from the testing center an admission card for the testing day they request, Monda explained.

Penalty Given To 2 Drivers

Penalties were imposed on two cited motorists today by Municipal Judge Samuel M. Chertoff, while continuances were granted two others whose hearings had been scheduled this morning.

David P. Bell of Waterford Park Race Track was fined \$10 and costs when the judge convicted him on a reckless driving charge. He pleaded not guilty to the affidavit signed by Patrolman Paul Blevins, who cited him at 10:45 p. m. Wednesday on E. 6th St.

The officer said Bell drove east on E. 6th St. "at a high rate of speed in moderately heavy traffic, causing his tires to squeal."

Eugene E. Wolfe Jr., 21, of 106 W. Drury Ln. was fined \$5 and costs when he pleaded guilty to a charge of making an illegal turn at E. 5th and Washington Sts. He was cited Wednesday at 5:50 p. m.

The court granted a continuance until Tuesday at 9 a. m. in the case of Elmer J. Davis of Rochester, cited Friday at 9:38 a. m. on Mulberry St. on a charge of driving while under the influence of alcohol.

A continuance until Friday morning at 9 was set in the case of Thomas Lanam, 430 Sugar St., accused of operating an auto without a license and failure to yield the right-of-way. Lanam was cited following a W. 8th St. traffic mishap Dec. 27.

He appeared for trial today, but it developed there was confusion in the date. The court records showed it was set for today, but the police department's records indicated it was set for tomorrow. As the arresting officer was not present, the court continued the case until Friday.

\$7.8 Million Cost Set In '63 Ohio Elections

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown reported Wednesday that elections cost Ohio \$7.8 million in 1963.

Brown reported costs of \$5.2 million for personal services, including such things as election clerks and judges, and \$2.6 million for printing ballots. The secretary of state said it will be more than a year before he has compiled all the costs of the 1964 primary and general election.

Hospital Admits Both

Wringer Injures Child; Bed Springs Hurt Girl

A city child injured on a washing machine wringer and an Irondale child hurt on bed springs were admitted Wednesday to City Hospital. Twelve other district residents were treated after separate mishaps yesterday.

Thomas Bryarley, 6, son of Mr. and Mrs. Robert Bryarley of Shady Side Ave., was in "good" condition with bruises and abrasions of the left arm received when caught in a wringer at home.

Roxanna Wright, 4, daughter of Mrs. Howard Wright of Irondale R.D. 1, was in "fair" condition with injuries to the right knee and thigh suffered when bed springs fell on her.

Thomas Lysle, 47, of Hammondsville, employee of the Sterling China Co. of Wellsville, received a laceration of the left thumb on a saw at work.

Mrs. Lillian James, 310 Rural Ln., employee of the Dixie Diner, was treated for a puncture wound and laceration of the right forearm received on a paper spindle at work.

In a fall against a pane of glass at school, William John, 17, of 822 Broadway, Wellsville, suffered lacerations of the left eyelid and eyebrow.

Nancy Cunningham, 15, of 149 Reynolds Ave. received a fractured left ankle when she fell and twisted her leg in a defective place in the walk at Central School.

Roy Houchin, 41, of Dixonville was treated last night for a fractured finger which became caught in a closing auto door.

Ross Mattern, 25, of 1706 Al-

pha St. suffered lacerations of the fingers on a metal curtain rod.

Mary Ann Fleming, 7, daughter of William Fleming of La-Croft, received second degree scalds of the back when hot water spilled.

In a fall in the yard at home, Mrs. Nina Mason of New Cumberland R.D. suffered a sprain. Lynn Ann Bowyer, 4, daughter of Eugene Bowyer of the Y. & O. Rd., received a possible head injury in a fall from a pony at home.

Kenneth Alloway, 39, of 1012 Locust St., an employee of the T.K. Roofing Co., was treated for severe bruises of the right hand after he slipped and fell with a tool in his hand.

Rebecca Cain, 9, daughter of Wilmer Cain of Georgetown R.D. 1 suffered a fractured wrist in a fall while skating.

Michael Cochran, 14 - month-old son of Larry Cochran, 829 Cadmus St., received bruises and abrasions of the head in a fall from a hobby horse.

McDonald Sets Visit With Aliquippa Group

David J. McDonald, president of the United Steelworkers of America, is scheduled to appear at a dinner-meeting in Aliquippa Jan. 24, just two weeks before the showdown election for the presidency of the giant union.

McDonald will appear at the Ukrainian Club, under the sponsorship of a group of supporters who call themselves, "The Rank and File Committee for McDonald."

section of Weirton cater to youngsters, including out-of-state teen-agers.

"THIS IS not hearsay. Members of my staff investigated a number of establishments during my campaign and after my election.

"This conduct will not be tolerated. I do ask, however, that parents co-operate by keeping better tab on the whereabouts of their youngsters."

Rodak said that he and some deputies about 7 p.m. Tuesday visited a number of establishments in the county where illegal activities have been reported in the past.

He said he used the occasion to warn the proprietors that all illegal activities must cease as of 12:01 a.m. today.

RODAK DEFINED illegal activities as sale of whisky by the drink, slot machines, pinball machines, racing boards and forms, football, baseball and basketball parlays, numbers writing, lotteries, bingo and the sale of raffle tickets.

In regard to taverns, Rodak said the sale of beer must cease at midnight. Taverns and clubs as such may stay open beyond that hour, but the law prohibits the sale of beer between midnight and 7 a.m.

Rodak said he is confident he will receive the co-operation of West Virginia State Police and city police of Weirton, New Cumberland and Chester.

The sheriff said he now has a force of 13 deputies, but will ask county commissioners for five to seven more. He said the additional men are needed to allow two men to operate as crews in the county's two cruisers.

RODAK SAID he called the press conference to inform the public of his position.

He said when owners of gambling devices removed equipment from establishments in the county recently they were reported to have told the owners of the places that the sheriff had obtained search and seizure warrants which would be served immediately after he took office Jan. 1.

The sheriff said he has not obtained any warrants. He declared radio broadcasts alleging raids Tuesday night were incorrect.

Rodak assured newsmen, "I have nothing to hide from the press. If deputies are unable to supply the necessary information, contact me."

Ohio Mother Charged With Child Neglect

FRANKLIN, Ohio (AP)—Police have filed child neglect charges against a mother of five who was in the maternity ward at Middletown Hospital while her 21-month-old child was admitted there.

She was identified as Mrs. Margaret Hormel. Hospital attaches said the 21 - month - old child weighed only 11 pounds and her condition was listed as serious.

Mapping Authorized

2-State Planning Group To Study Transportation

The Jefferson County Regional Planning Commission was authorized to proceed soon as possible with base mapping and aerials of areawide transportation study at the meeting of the Steubenville - Weirton Area Permanent Co-ordinating Committee Wednesday in Weirton.

The Jefferson County group is officially recognized by the State of Ohio as its agents in the two-state program.

All but a few technicalities have been worked out with the numerous governmental agencies involved and the formal contract should be signed shortly with the consulting firm of Barton-Ashman Associates, Inc., of Chicago, it was announced by representatives of the Ohio Highway Department and the West Virginia Road Commission.

Norman D. Ferrari of Weirton, chairman of the permanent committee, appointed a technical advisory committee to expedite the long - range program which will involve all forms of transportation within the next several years.

Jack J. Adams, executive director of the Steubenville Area Development Council and vice chairman of the permanent group, was named chairman.

Other members are Nicholas Kaschak and Andrew Kinance of the Jefferson County Commission; Preston Jordan of the Brooke County Planning Commission; Joe Sorg and Earl Nelson of the Ohio Highway Department; John Manning and John Pascoli of the West Virginia Road Commission; Vincent Ciletti of Columbus and E. A. Sinclair of Charleston, both representing the Bureau of Public Affairs.

George Ball of the Housing and Home Financing Authority; Harry Cardea and Roy Willey of the West Virginia Department of Commerce; Robert Sweaney of the Weirton Planning Commission; Martin S. Smith, Jefferson County engineer; Oliver Johnson of the Hancock County Planning Commission; Edward L. costs; a \$250,000 item to finance high school driver education programs; and a \$400,000 allocation to help county school systems make matching payments for federal aid.

In all, the proposed budget would increase school funds \$9.6 million. A \$15 million increase had been sought by the State Department of Education, the State School Boards Association, and the West Virginia Education Association.

Continuing the \$6.34 million general revenue fund appropriation for roads is in line with a recommendation Road Commissioner Burl A. Sawyers and Gov. elect Hulett Smith's task force on roads.

State School Supt. Rex Smith had recommended using the

money for schools, but Sawyers said it was needed for roads, despite passage of the \$200 million road bond amendment in November.

Ed Rakow, Detroit pitcher, played quarterback for a Bloomfield, Pa., semi-pro team for \$5 a game then lost his job to a Pittsburgh Steeler castoff named Johnny Unitas.

prosecutor in 1940. In 1941, he joined the Office of Price Administration in Washington and later was transferred to Pittsburgh, where he served as chief enforcement attorney.

He then became special assistant district attorney for Western Pennsylvania. Before he was elected to the bench, he was engaged in the private practice of law here for several years.

His service has been marked particularly by a campaign for traffic safety and a drive against incompetent and reckless drivers — particularly those cited for drinking.

Judge and Mrs. Chertoff reside on Midway Ln. His wife is the former Ruth Hoffrichter. They have one daughter, Mrs. Ralph Langer of Poughkeepsie, N. Y., and three grandchildren.

Judge Chertoff is a member of the Executive Board of the Ohio State Association of Municipal Judges and was one of the original members of the National Association of Municipal Judges. Two years ago, he was elected to the Board of Governors of the national association. He also has served as its national membership chairman.

At the national association's annual meeting in December, he was named chairman - elect, to assume office in November of this year. The national association has presented him with awards for leadership and outstanding contributions. He also is a member of the Ohio State Bar Association, the American Judicature Society and the National Council on Crime and Delinquency.

\$750 Contributed To Scholar Fund By Beaver Local

A total of \$750 has been received to date in the "Dollars for Scholars" campaign in Beaver Local School District, Ted Taylor, chairman, announced.

Taylor said \$375 was netted in a house-to-house drive, and \$375 has been obtained in donations from organizations, businesses and other individual gifts.

Meanwhile, drives are continuing in six other area school districts, including East Liverpool, Western Beaver, Southern Beaver, Midland, Wellsville, and north Hancock County.

Solicitation of area industries has been launched. Joe Coons, campaign chairman, announced.

Lisbon Youth Charged After Route 30 Crash

An 18-year-old Lisbon youth was cited following a collision of two cars on Route 30 just south of Lisbon Wednesday night at 10:20, the Ohio Highway Patrol at Lisbon reported.

Gregory F. Apple, 716 Sunset Dr., was charged with improper passing after his 1957 coach struck the left rear of a 1956 coach operated by Donald F. Dilling, 16, of 101 N. Sumner St., East Palestine.

Officers said Dilling, headed south, made a left turn as Apple attempted to pass. No one was injured.

Pughtown Man Fined For Dumping Garbage

Charles E. Wyer of Pughtown was fined \$20 and costs Wednesday by Squire John D. Herron at New Cumberland on a charge of dumping garbage on property adjacent to a highway.

Wyer was arrested Wednesday by Walter McCrea, Hancock County conservation officer, after dumping garbage on a county road near Pughtown.

Out Of The Air

By RICHARD K. DOAN
Flicker Hunger At CBS?

CBS-TV President James T. Aubrey Jr. may turn to old tape movies as prime-time fare in his hungering search for ways to lure back lost audiences. If he did so, it would be in sharp reversal of a long-held CBS policy. The network never has run weekly movies. In fact, in the Richard Doan past, CBS programming has been nothing less than high-nosed about ABC's and NBC's movies. Use of old Hollywood features to fill prime evening hours has been disparaged as a reflection on TV ingenuity and something CBS never would stoop to.

AUBREY, according to usually reliable sources, has made inquiry about the availability of pictures in the backlogs of such studios as Paramount.

Paramount, for example, has about 200 post-'48 releases. On the other hand, NBC has bought or has options on 90 of these, said to be the cream of the crop.

Aubrey's problem—or at least one of them—in scheduling theatrical flickers would be to smoke out enough big impressive ones to give his movie night some marquee value. Movies on TV tend to get ratings in direct proportion to their boxoffice appeal.

ABC and NBC are believed almost certain to continue their movies—Sundays on ABC, Wednesdays and Saturdays on NBC—into next season.

ABC and NBC executives, it turns out, have been stoking their own competitive fires a little more while watching the programming conflagration at CBS since the life-and-death Nielsen ratings came out Dec. 7.

Four evening programs, two each on ABC and NBC, will be switched in efforts to bolster their ratings.

At ABC, "The Flintstones," Thursdays at 7:30 (EST), and "Jonny Quest," Fridays at 7:30, will be switched to give the former show, now bucking CBS's popular "Munsters," probably a headed for the cancellation bone pile.

At NBC, "Kentucky Jones," Thursdays at 7:30 (EST), and "Magoo" on Saturday nights, The Dennis Weaver show is a "may-be"—that is, it is believed to stand a chance of making the grade if shifted to a slightly earlier time.

"Magoo" presumably is marked for oblivion.

THAT MILLION-DOLLAR "fish bowl" TV studio for the White House is again in the works.

The President wants it and the three national networks are going to set it up for him. Just how soon depends on a lot of factors.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: Since my husband is in the service, we are continually faced with the problem of how to get acquainted with new neighbors. (This also happens to civilians whose jobs entail many transfers.) Maybe your readers would be interested in knowing how I solve this.

As each new family moves into the block, I bake a pie and send it over by the children.

This gives the lady of the house that much-desired dessert when it's so unhandy to fix one.

It also gives her a good excuse to come over (to return the pie plate) if she is interested in getting acquainted, without making me feel like I'm being a pushy neighbor.

Why not try it? Lasting friendships can be made quickly... and the most you can lose is your pie plate!

Mrs. C.

Now aren't you a cutie pie? I sure think so.

Wish you were in my neighborhood.

HELOISE.

DEAR HELOISE: The suggestion about threading elastic through the bottom hem of a sheet to help keep it in place on a bed is wonderful but why sew the elastic at both ends?

Why not just sew one end, then leave the safety pin attached to the elastic and pin in place at the other end of the hem?

When it is time to launder the sheet, you could just unpin it. Let the elastic slip back into the hem (with the pin still attached) and you would have a smooth sheet to hang on the clothes line.

DOROTHY WEGE.

Dorothy, that is really a smooth idea. Also, the sheets will dry faster, won't they? You are blessed, my dear.

HELOISE.

DEAR HELOISE: Mommies, help your little miss when she dresses her doll, by tying a small plastic bag over the doll's head and hair. Use a large rubber band to secure the plastic bag.

This saves the doll's hair from being mauled.

I make doll clothes and do try them on — that's how I learned.

MARIE ROGERS.

LETTER OF LAUGHTER

DEAR HELOISE: I like to keep in touch with all my friends who have moved away, and keeping a list of their birthdays helps me.

I buy cards ahead of time.

writing the date on which the card is to be mailed in the right hand corner (the stamp will cover it later). So far this hint probably isn't new but here is the catch...

To entice my friend to reply, I write a note that hints she is a year older than she really is.

I'm always happy to have her letter of correction, because it usually contains all the news I wished to hear!

JAN WLBRON.

DEAR HELOISE: When a screw jar loose in our metal kitchen cabinet or drawers, we do it with colorless nail polish before replacing the screw.

This keeps the screw from jarring loose when the drawer is pulled out or the cabinet opened.

NANCY M.

DEAR HELOISE: A week or so ago, after baking an apple pie (frozen in a pliable

aluminum tin), it collapsed in the oven when I was removing it.

I had two pot holders but the pan just folded up and apples and juice ran all over my clean oven.

Since then, when baking the pies in the aluminum pans, I place the pie pan in a larger, firm pan first and I can take that out with no spills.

MRS. BROOKS BOOTH.

DEAR HELOISE: I removed the ring from the top of a baking powder can to give a sharp cutting edge, then punched holes in the bottom of the can (with an ice pick) to give air spaces.

I use this handy gadget to cup up boiled potatoes for hash browns, to chop boiled eggs as fine or coarse as I wish for sandwiches or salad, to cut shelled nuts and for many other uses. It's just wonderful.

Presbyterial Aide Speaks To Trinity Church Women

The rewards of fellowship were discussed by Mrs. Lee Myers, a member of the Longs Run United Presbyterian Church, for the meeting of Trinity Presbyterian Church Tuesday night in the Memorial Chapel.

Chairman of the Fellowship Department of Steubenville Presbyterian, she used large placards to illustrate her talk. They featured definitions of each letter of the word "fellowship," beginning with friendship and closing with the power of prayer.

Mrs. Myers said the development of fellowship will produce a satisfying relationship and bring about a desire for evangelism.

Mrs. Myers listed the fringe benefits of increasing membership and closed with a prayer for the New Year.

Miss Hazel McShane conducted devotions on "Free Men." She gave a reading, "A Realistic Look at Yourself," and spoke on the use of the Bible in preparing the studies for the year. Mrs. Louise Van Fossen accompanied group singing of "We've a Story to Tell to the Nations" and "Blessed Assurance."

The Rev. M. Rudolph Miller, pastor, installed the officers, Mrs. Leonard Kupchinsky, president; Mrs. Thomas C. Proter, first vice president; Miss Pat- sy Black, second vice president;

Mrs. Miller, third vice president; Mrs. Dale Thornton, recording secretary; Mrs. James Lowe, assistant; Mrs. Philip Fuhrer, corresponding secretary; Mrs. Elliot Forsythe Jr., assistant; Mrs. James Fortin- er, parliamentarian, and Mrs. Moses Telfer, historian.

Group leaders inducted were Mrs. Kenneth Johnson, Faith; Mrs. J. Ralph Mackall, Hope; Mrs. Alfred Hull, Charity; Mrs. Emmett Lawrence, Grace, and Mrs. Leonard Gamble, Patience.

The group voted to accept the proposed budget read by Mrs. Persohn, who also gave the annual financial report.

Letters were read from Dr. and Mrs. Dan Reynolds, home on furlough from Ethiopia; Chang Kuei Lee, student at the Pittsburgh Theological Seminary; the Rev. and Mrs. Francis Younklin of the Cameroon, Africa, and the Rev. and Mrs. David Neeley, home on furlough from Thailand.

Mrs. Miller announced a biographical sketch and picture of the persons featured in the Bible and mission studies will be placed monthly on a bulletin board in the church narthex.

A week's rummage sale will begin March 15 in the Rapport Building with Mrs. Goldie Garner chairman. Each group will have charge one day.

Miss McShane, literature chairman, said subscriptions for Concern Magazine are due for renewal and the new reading list is available.

Letters of thanks were read by Mrs. Porter for layettes, quilts and stuffed toys sent to mission stations. Chairman of the greetings committee, she presented Mrs. Howard Claypool with a book for being named "Suzy Snowflake."

Members were asked to bring any type of cotton material for making bandages to be sent back to Ethiopia by Dr. Reynolds, who is studying at Johns Hopkins University at Baltimore while on furlough.

Refreshments were served by the Hope Group with Mrs. Mackall as chairman. The buffet table was centered with a white nylon net tree flanked by lighted tapers. Mrs. Kupchinsky poured at the silver service.

The next session will be held March 28 when a Family Night coverdinner will be featured.

COLUMBUS, Ohio (AP)—The Ohio Auctioneers Association will hold its annual two-day convention here Saturday and Sunday.

SOCIAL NOTES

(Continued from Page 10)

Poems were read by Mrs. Helen Michaels. The group made plans for a bake sale Jan. 30 at Herche's Drugstore.

A prize was won by Mrs. Martha Handley. Mrs. Blanche Cook, chairman, was in charge. Lunch was served 14 by Mrs. Alice Springer and Mrs. Mary Harper. The next meeting will be held Feb. 2 at the church.

Midland Society

N. A. Nuzzo NE 4-2315

Plans were discussed to attend a workshop Jan. 21 at the Knights of Columbus home in Aliquippa when Court Midland 653, Catholic Daughters of America, met Tuesday night at the lyceum of the Presentation Catholic Church.

Miss Genevieve Settino of Ambridge will discuss parliamentary procedure.

Plans for a public card party Jan. 29 at the lyceum will be completed when members meet Jan. 19 for their annual secret social.

Anniversary invitations were received from Court Butler, Sunday, and Court Consuelo of Pittsburgh, Jan. 26. Members who desire to attend are to contact Mrs. Clarence Duffy, grand regent, for reservations.

Social prizes were won by Mrs. Sullivan Tonti and Miss Carmen Centore.

New officers of the Queen Esther Class of the First Presbyterian Church, headed by Mrs. John McNeillie, president, were installed at a meeting Tuesday night at the home of Mrs. Leslie Roach of Beaver Ave.

Mrs. Elwood Lewis was appointed to the card committee; Mrs. Frank Potts, devotions, and Mrs. Eugene Douth, traveling basket project.

Devotions were conducted by Mrs. Frank Gibson, who will be hostess Feb. 2 at her home on Elm St. Mrs. Fred Wilton and Mrs. Potts will head the lunch committee.

Wellsville Arts Club Has Guest From Institute

Three types of commercial art offered at the Art Institute of Pittsburgh were discussed by E. G. Mathews, assistant director, when the Wellsville Arts Club met Tuesday night in the Elks Home.

He showed a variety of work by the students in his program, "Training the Commercial Artist." He invited anyone interested to visit the art institute. Mrs. Janet O'Hara explained the speaker was the inspiration for the club's program cover.

Miss JoAnn VanDyke introduced Ted Cunningham of Chester, a tenor with the Crucible Steel chorus, who sang "I'll Walk Alone," "I Walked With God" and "I Believe," accompanied by Mrs. Bianca Eckfeld.

Mrs. Eileen Bush reported on the progress to assist in the Heart Fund drive. Mrs. Betsy Erwin, secretary, gave a board meeting report. The lunch table was set with amber candlesticks and a floral arrangement in an amber bowl. Miss Luella Thompson, president, poured.

The budget committee, consisting of Mrs. Betty Rager, Miss Isa Anderson, Mrs. Eria Betts, Mrs. Edna Keeper, Mrs. Joyce Laughlin, Miss Grace Miller, Mrs. Patricia Morris, Mrs. Grace Peters, Miss Dorothy Ripper and Mrs. Margaret Todd, was in charge of the lunch.

2 Young College Girls Killed In Car Mishap

AKRON, Ohio (AP) — Two young college girls were killed early today when their car went out of control and crashed into a tree off Riverview Road two miles north of Akron, the Highway Patrol reported.

Dead are Lynne Anne Price, 20, of Peninsula, the driver, and Jennifer E. Bridgewater, 19, of Akron. Miss Price attended night classes at Akron University and Miss Bridgewater had attended Oberlin College.

Another passenger, Eileen Stanovic, 20, of Cuyahoga Falls, was brought to St. Thomas Hospital here for treatment of injuries.

Bringing Up A Family

By DR. GARRY MYERS

Midyear Good Time To Check Grades

As your child in the primary grades, junior or senior high school, nears the middle of the school year, parents might do well to take stock of his school success. You may have had several report cards. You may have had one or more conferences with his teacher or teachers. Dr. Garry Myers If you are companionable with him he must have talked often at home about his school experiences.

How well does he read, whether in the primary grades or high school? If he reads at his school level with great difficulty, he may be hampered now and later in practically all his school work. If, for example, he lags in such subjects as history or any of the social science studies he is pretty sure to be a poor reader.

DOES HE often read for sheer pleasure? If he does you can be sure he is a pretty good reader. You can roughly ascertain whether your child over eight or ten years of age is a fair reader, by asking him, informally now and then, to read to the family from his school paper or the "home" newspaper, or by asking him to tell in his own words the news in this paper today.

If he has homework assignment from school, how faithfully and effectively does he do it at home? Has he good habits of going at it promptly and sticking to it? How well is the use of radio and TV regulated? Does he know what his homework assignments are or does he often telephone a classmate to find out?

Is his homework often interrupted by telephone calls by him or to him? Has he a place to do his homework where he has fewest possible interruptions and distractions? If he has a separate room in which to study, how does he use his time there?

IF HE must read assignments too hard for him to read well, is there some person to read them with him and to show him how to say in a few words of his own what is in each paragraph? Is there any effective program to help him become a better reader? Has he a good spelling conscience, eager to have you spell words about which he is doubtful or to look them up in the dictionary, sometimes with your help?

How neat and legible is the written homework he prepares for school? Do you ever check on such matters? When he has long-time assignments does he go at them early and have them completed before the "deadline" or does he put them off till the night before they are due? When he must prepare such assignments from many sources do you help him collect material

from magazines, newspapers, reference books and other sources?

Does your school child have too many activities in addition to his regular school work? Does he have sufficient time for recreation and wholesome fun?

WHAT about your school child's health? A check by his physician might be desirable. What about his mental health? Does he seem to be cheery and hopeful about his book work and his relation to other children and members of his family? Does he often seem to relax and feel comfortable or is he tense and keyed up most of the time?

Does he seem to have worries and anxieties? Does he freely communicate in the family? Does he seem to talk comfortably? Are you parents good listeners when he talks at the dinner table or by the fireside? Does he feel he has a worthy place in the family?

Considering such matters as the foregoing you might also wisely resolve to seek some expert assistance.

My bulletins, "Parents Can Help Child Succeed at School," "Parents and the Child's Homework," and "A Parent's Prayer," may be secured by sending a self-addressed, stamped envelope to me in care of The Review.

County Prisoner Meals Cost \$900

LISBON — It cost \$900.32 to serve 2,064 meals at the Cuyahoga County Jail during December, Sheriff Russell J. VanFossan reports in his monthly summary. The average food cost per prisoner was \$1.30 per day.

The jail received 60 prisoners last month in addition to the 24 confined as of Dec. 1. Fifty-eight prisoners were released during the month, one was conveyed to a state institution, and one mental patient was taken to a state hospital. The jail had 83 visitors.

The sheriff said his department served 276 papers and handled 5,914 radio transmissions, along with 1,187 phone calls at the jail. Fees totaling \$555.79 were collected.

Sixty-five sets of fox feet and ears were turned in at the sheriff's office in the Courthouse for the \$3 bounty.

Long Illness Fatal

ALBANY, Calif. (AP) — Joseph Jacuzzi, 73, international industrialist and a developer of the Jacuzzi jet whirlpool pump, died Tuesday after a long illness. Jacuzzi was one of five brothers who together built one of the first cabin monoplanes in America, revolutionized agricultural irrigation with an artesian pump, and experimented with atomic energy. The brothers were born in Udine Province in Italy and came to this country between 1907 and 1919.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: A friend of mine who ought to know told me recently that when a husband dies all the family debts, such as department store bills, time payments on appliances, cars and house mortgages are automatically cancelled—provided each account is under \$450.

I never had heard of this before, but my friend assures me it is true. Will you please tell me if my friend has correct information?—LEARNING EVERY DAY.

side. He slips them money and lets them puff on his cigarettes for "laughs."

I've told my husband how I feel but he says he doesn't want to offend his dad by asking him to move. My father-in-law is in good health, has a nice income and could live anywhere. What he pays us every month comes in handy but I'd be happy to do without it.

Please give me some help.—MRS. OVERRULED.

Dear Mrs.: Your father-in-law should live elsewhere.

The welfare of your children comes first and you can tell your husband I said so.

Dear Ann: We promised our daughter that when she was 16 she could begin to date. Well, Arleen had her 16th birthday two months ago and now we must install a second telephone to handle her social life.

She has a date lined up every Saturday night for the next three months. My husband and I don't know what to make of it. She already has a date for the Easter Bunny Hope and a prom date for May. Is this normal?

Arleen is an honor student and excels in languages and math. She practices the piano regularly and does her share of housework. She goes only with

Dear Ann: Don't tell me to see a psychiatrist. If I could afford a psychiatrist I wouldn't be writing to Ann Landers.

We have four children under 10 years of age. My father-in-law lives with us, and he is the problem. He works nights and hangs around the house all day telling me how to cook and clean. He is a retired Army man and has told our kids all the dirty jokes from the last three wars.

Urge Efforts To Make Backing More Effective

Most Senators Approve Current Policy In Viet

WASHINGTON (AP) — Wary, often reluctantly, most of the senators ready to prescribe a course in South Viet Nam today chose current U.S. policy — but called for efforts to make American military backing more effective.

Many of them saw it as a temporary measure, a prologue to negotiations aimed at settling the guerrilla warfare in the Communist-beleaguered nation.

Sen. Philip A. Hart, D-Mich., offered this terse prescription: "Continue present policy until we can negotiate from a position of strength."

"Our present policy," argued Sen. Frank Church, D-Idaho, "is leading us toward the same calamity as befell the French 10 years ago."

He called for negotiations now, pointing toward a neutrality that would be guaranteed by the United Nations or a special international commission.

There were conflicting undercurrents of Senate sentiment for outright U.S. withdrawal or for expansion of the U.S.-backed warfare. But those views came only from a handful of senators.

Most of the legislators who responded to an Associated Press survey shunned the idea of pulling out of, committing U.S. combat troops or of extending the war into Communist North Viet Nam.

One Republican, J. Caleb Boggs of Delaware, came up with a new formula. He suggested a U.S. call for Vietnamese elections within three or four months to choose a government supported by the people.

"Our future conduct in South Viet Nam would depend on whether or not the new government wanted us to keep up our assistance or to get out," he said.

Pending an election, Boggs said, the United States should continue its present military and economic assistance.

Senate Democratic Leader Mike Mansfield of Montana spoke for the consensus when he offered this view of current U.S. policy: "For the present, we have no other choice which in my judgment would fit the needs of the situation."

He added the United States should stand ready to negotiate for neutralization of South Viet Nam. "If it contains promise of a just and guaranteed solution, fine," Mansfield said. "If not, it can be discarded."

Sen. John G. Tower, R-Tex., suggested extension of the war into Communist North Viet Nam and held out at the same time hope for a negotiated settlement.

Tower said present policies are losing the war, and he declared it will take new initiatives to reverse the course of the guerrilla struggle.

That, he said, means action to choke off Communist supply support from the north.

All told, 81 of the 100 senators responded to the survey.

In general terms, 30 of them suggested that the United States stick to its present course, at least for the present. Many of them called at the same time for steps to improve the results, stressing government reforms and stability in South Viet Nam.

Three others talked of strengthening Democratic government in the Southeast Asian nation, but took no stand on U.S. military or diplomatic measures.

Ten senators called for a negotiated settlement now, joined Church in a call for international supervision.

Three suggested the United States and South Viet Nam step up the struggle, moving it north into Communist territory.

Three spoke out for U.S. withdrawal.

Eight indicated they had no suggestions, and 24 refused to comment at all.

Those who did offer suggestions proposed them in varying terms which defied precise man-by-man cataloging. Many senators who responded to the survey insisted that their names not be used.

Some Republicans who declined to be quoted by name renewed an allegation voiced by Barry Goldwater, the 1964 Republican presidential nominee, during his campaign — that President Johnson has not told Congress or the nation what is going on in South Viet Nam and there should be a detailed accounting from the White House.

Sen. John Sparkman, D-Ala., insisted that Johnson and his advisers have "the best information available to anyone."

"I have confidence in their decisions," Sparkman said. "I think we should back them up."

The Senate itself is investigating the situation, through its Foreign Relations and Armed

Services committees. Some legislators said they would await those inquiries before deciding what course they favor.

Sens. J. W. Fulbright of Arkansas and Richard B. Russell of Georgia, the committee chairmen, declined comment on the situation now.

Russell already has said "we made a terrible mistake getting involved in Viet Nam." But he added he does not know "just how we can get out now."

Some senators reflected the frustration of many Americans at the continuing struggle in Viet Nam. "I don't know how you get off a tiger's back," said a senator who asked that he not be identified.

Another said he shares with many citizens "the feeling that maybe we ought to say the hell with it and pull out," but realized that would probably mean a Communist takeover.

Sen. Milward L. Simpson, R-Wyo., put the dilemma in more formal terms: "I do not know precisely what changes should be brought about in American policy in Viet Nam, but I do know that we can neither withdraw nor cling to the precarious status quo which is causing us to lose the war in which so many Americans already have died."

Sen. Allen J. Ellender, D-La., disagreed.

"There is no stable government," he said, "only chaos and disorder."

"Therefore, I am prone to withdraw without any ifs or ands," Ellender declared.

"I'd favor a settlement based on neutralization or to pull out," said Sen. A. Willis Robertson, D-Va.

"The situation in Viet Nam is impossible unless a stable government can be established," Sen. George D. Aiken, R-Vt., said. "I don't know how long we can wait on this."

"If the South Vietnamese demonstrate an ability to govern themselves, of course we should continue to help them," he said.

Sen. Margaret Chase Smith, R-Maine, looked for evidence of new South Vietnamese determination. "U.S. combat units should be sent in only if the South Vietnamese make a dramatic show or a greater will to win," she said.

If they lack that will, she said, it is questionable whether the United States should stay there at all.

Republican Sens. Tower, Strom Thurmond of South Carolina and Wallace F. Bennett of Utah joined in calling for action to destroy Communist supply lines by moving against bases in North Viet Nam.

Sparkman and Sen. Len B. Jordan, R-Idaho, agreed that efforts to cut off Communist supplies might require aerial action over North Viet Nam.

"This might necessitate the bombing of supply bases inside North Viet Nam," Sparkman said.

Aiken counseled against commitment of U.S. combat troops or expansion of the war — unless the United States is prepared for all-out war including the use of nuclear weapons.

He saw no way to negotiate a settlement. "We can't," Aiken said. "It's not our war."

Sparkman was wary of neutralization, saying it "would almost certainly lead to a Communist takeover eventually."

But Church, Sen. Wayne Morse, D-Ore.; Sen. Olin D. Johnston, D-S.C.; and Sen. Ernest Gruening, D-Alaska, saw negotiations as the only answer — with international control their goal.

"I suggest," Johnston said, "the United Nations handle it, set up a buffer zone between North and South Viet Nam and police it."

"Other nations should help pay for the fight to defend South Viet Nam," he said.

Congress Counts Electoral Votes

It's Official: Johnson, Humphrey Are Winners

WASHINGTON (AP) — Congress counted the electoral votes Wednesday and found that President Johnson and Hubert H. Humphrey were the winners of last November's election.

The joint session was climaxed with the announcement by Senate President pro tem Carl Hayden, D-Ariz., that Johnson had been elected president and Humphrey vice president with 486 electoral votes to 52 for Republicans Barry Goldwater and William E. Miller.

The session was the last stage in the electoral process, formally clearing the way for inauguration of Johnson and Humphrey Jan. 20.

WASHINGTON (AP) — The AFL-CIO recommends vast new industry and government spending to correct "a dangerous imbalance" in the U.S. economy caused by "a sea of undistributed profits" that might eventually strangle industry.

As a result, the labor organization says in its monthly magazine, President Johnson's aim of creating enough jobs for all Americans is doomed and unemployment, already "excessively high," will increase further this year.

The trouble, the AFL-CIO says, is that U.S. industry is piling up too much cash in corporate treasuries and is hoarding dividends to high-income stockholders who don't spend it on consumer goods.

WASHINGTON (AP) — Rep. John Bell Williams of Mississippi, disciplined by House Democrats for supporting Republican Barry Goldwater in last fall's presidential race, has decided to remain a Democrat.

Williams, an 18-year veteran of the House, and Rep. Albert W. Watson of South Carolina were stripped of their seniority by the House Democratic caucus last Saturday.

"I am a Mississippi Democrat," Williams said in a statement Wednesday. "I cannot foresee my leaving this party unless I am expelled or unless it changes its present philosophy, and I certainly don't anticipate that."

WASHINGTON (AP) — Thirty-four senators have cosponsored a resolution to permit showing in the United States of a government film on the administration of the late President John F. Kennedy.

The U.S. Information Agency prepared the film, entitled "John F. Kennedy — Years of Lightning, Day of Drums," and has released it in more than 30 languages to 144 countries.

Startling About-Face

India Accepts Stationing Of U.S. A-Sub In Pacific

NEW DELHI, India (AP) — In a startling about-face, India has quietly accepted the stationing of a U.S. submarine armed with Polaris nuclear missiles in Asian waters.

There have been a few worried comments about "escalation" of the U.S. confrontation with Communist China, but the general Indian reaction has been one of relief that the United States is bringing up the big guns.

Just eight months ago, India applauded loudly when the late Prime Minister Nehru rose in Parliament to "express regret" in biting sarcasm that American surface warships armed with nuclear weapons were "wandering about" the Indian Ocean.

The change in outlook is a direct result of Communist China's explosion of an atomic bomb six months later.

ern themselves, of course we should continue to help them," he said.

Sen. Margaret Chase Smith, R-Maine, looked for evidence of new South Vietnamese determination. "U.S. combat units should be sent in only if the South Vietnamese make a dramatic show or a greater will to win," she said.

British Figure Urges Biracial Marriage In U.S.

CLEVELAND (AP)—A British member of Parliament has urged biracial marriages in the United States, but believes it will be "a very long time" before such marriages would be acceptable.

Norman St. John-Stevens said Wednesday the civil rights movement in the United States must move quickly toward a time when a mixed marriage will raise no more social eyebrows than a marriage with a person who happens to be left-handed.

The British MP said unless the civil rights drive moves in the direction of mixed marriages, the United States could not expect to be considered a leader in a world where race is the most important issue.

St. John-Stevens observed that England faced "similar" race problems and said the answer there was the same: "complete social and economic justice." He was here Wednesday to speak at a luncheon meeting of the Cleveland Bar Association.

79 Firms May Be Boycotted In Rights Interest

CINCINNATI (AP) — Seventy-nine companies, making everything from cat food to metal containers, may see their products boycotted in the interest of civil rights.

The companies have plants in Mississippi and Dr. Bruce H. Green Jr., president of the local chapter of the National Association for the Advancement of Colored People, said Wednesday in announcing the boycott that the buying ban has a double objective.

One objective is to bring about fair employment practices in Mississippi and the other is to force that state "to come back to the union," Dr. Green said.

Several of the companies involved in the boycott have plants and offices in Cincinnati.

Services Set Friday For Mahoning Figure

YOUNGSTOWN, Ohio (AP)—Services for John D. Finnegan, 69, prominent in manufacturing circles here, will be Friday in St. Dominic Catholic Church. He died of a heart attack late Tuesday. He was a native of St. Paul, Minn., and came here in 1922.

Finnegan was associated with John F. Hynes in organizing Hynes Steel Products Co. in 1925. The two partners organized the Roll Form Products Co. in 1946, with Finnegan serving as president of Roll Form and vice president of Hynes Steel.

Finnegan served with the Office of Price Administration and the War Production Board in Washington during World War II. He was in the army in World War I.

3 For Ways, Means Group To Be Picked

WASHINGTON (AP) — House Democrats meet today to pick three new members of one of the key committees of Congress — Ways and Means.

Their action is important for two reasons:

1. The three new members should give the administration the edge it needs to move promptly out of the committee a bill providing health care for the aged under Social Security. This is a keystone of President Johnson's legislative arch for the coming year.

2. The Democratic members of the Ways and Means Committee also choose the assignments of party members to other House committees. There is always brisk competition for coveted spots on the major committees, so this 17-member group of Democrats has double significance for fellow party members in the House.

The importance of the Ways and Means Committee lies in the fact that it originates all tax legislation. Its actions can have a big effect on the nation's economy.

House Republicans planned a meeting of their own to continue the business of organizing for the new session.

Among the proposed rule changes for their party conference is one which could conveniently clear out the rest of the Old Guard holdovers in leadership positions and allow new Republican Leader Gerald R. Ford of Michigan to name his own men to the jobs.

The Democrats said to be in line for the three openings on the Ways and Means Committee are Reps. Richard Fulton of Tennessee, Phil M. Landrum of Georgia and Charles A. Vanik of Ohio.

All three are known to support the kind of health care for the aged bill that Johnson wants.

Mrs. Mellicent Bell, 315 Highland Ave., Wellsville, was reported in "serious" condition today at City Hospital.

County Shows 2 New TB Cases For Month

LISBON — Two new cases of tuberculosis were reported in the county in December, along with one reactivated case, according to the monthly report of the Tuberculosis Clinic.

Dr. F. G. Kravac of Youngstown, coordinator, reported the clinic gave 73 X-rays, 83 Mantoux tests, made 106 home visits, held four consultations with patients and started three patients on medication.

Two patients were admitted to hospitals and three were discharged, leaving 10 patients in hospitals, five at county expense. There were a total of 167 patient days in hospitals during December. There are 158 patients now receiving medication from the clinic in the county.

Fire Damages Salem Tavern, Bowling Alley

SALEM — Fire swept through the Hendron's Tavern and Shamrock Bowling Lanes Building early this morning.

There was no immediate estimate of the loss but it was expected to run into the thousands.

Fire Chief Martin Catlos said he believes an explosion of some type started the blaze. He said firemen first arriving at the scene noted that the windows in the front of the building had been blown out. Glass was found across the street. The fire started about 3:30 a.m.

Two firemen, Ronald Kilmer and Harold Pike, received minor injuries. Kilmer stepped on a nail and Pike fell on ice and hurt his arm.

Kentucky led the Southeastern Conference in passing last season, completing 114 in 230 attempts. The Wildcats averaged 160.9 yards passing per game.

Planner Speaks For Meeting Of Wellsville Group

James Salsgiver, a member of the Wellsville Planning Commission, outlined its program when he spoke at a meeting of the Wellsville Kiwanis Club Tuesday noon at Platt's Tea Room.

Salsgiver described the various committees formed and the work each is doing. The most immediate project is to improve the appearance of the town, as this tends to reflect the attitude of residents, he said.

Salsgiver cited the various beautification projects of the past year.

He said the commission also is interested in the Highlandtown Lake project, which is nearing the stage of construction, the relocation of Route 7 through Wellsville, the airport proposed by the governor for the county and annexation of surrounding areas.

He was introduced by Lloyd Rhodes, program chairman. Seventeen attended.

Legion At Newell Asked Plant Aid

Newell American Legion Post 114 Wednesday night was requested by the East Liverpool Area Community Improvement Corp. to contribute to a fund for relocation of a metal stamping industry.

A letter from the CIC was read at the meeting on the possibility of the new industry locating in Newell and seeking the donation to help in the project.

Isaac R. Mayfield of Bridgeport, department commander, and Tommy Jones of Charleston, adjutant, were invited to visit the post in March.

Larry Rush reported on the Christmas basket project and said a complete report will be given Jan. 20. A membership report was given by Tony LaNeve, adjutant.

George LaNeve, first vice commander, presided in the absence of the commander, DeWayne Staley, who was to enter the Veterans Hospital in Pittsburgh today.

'Changing Missions' Topic Of Church Group At Lisbon

"Changing Missions" was the program topic for the meeting of the May Pritchard Group of the Christian Women's Fellowship of the First Christian Church at Lisbon Tuesday night in the Morgan House. Twenty-four attended. Miss Goldie Carlisle, group leader, presided.

The new missions study course was presented by Mrs. Harold Hiscoc, pointing out new nations are being formed so rapidly, the need for more missionaries is urgent.

Mrs. Raymond Moore led worship.

Hostesses were Mrs. Carl Armstrong and Miss Carlisle. The next meeting will be held Feb. 2 at the Morgan House and hostesses will be Mrs. William Loudon and Mrs. Naomi Mattix. Miss Nellie Gillis will be the program leader and Mrs. Ray Alexander, worship leader.

Mrs. Maxine Eaholtz, president, presided at the meeting of the auxiliary of VFW Post 4111 Tuesday evening at the McKinley Room.

A report of the gifts presented to the eight county young men inducted into the armed forces Tuesday morning was given by Mrs. Agnes Ford, Americanism chairman.

Donations of \$25 to a local family for Christmas and to the

Lions Club Christmas clearing house were reported.

The auxiliary will serve dinners for the Lions Club Jan. 20, and for the Lisbon Chamber of Commerce Jan. 25, both in the McKinley Room of the post home.

Mrs. Marie Cosma and Mrs. Lydia Bennet won prizes.

The next meeting Jan. 19 will feature a white elephant sale, with Mrs. Cosma, national home committee chairman, in charge. Proceeds to go to the national home building fund. Plans will also be made for the 18th anniversary celebration. Hostesses will be Mrs. Alice Reese and Mrs. Cosma.

Eleven from Iva Chapter of the Order of Eastern Star attended the District 13 meeting Tuesday at Canton. The delegation included:

Mr. and Mrs. Joseph Dornon, Mrs. Kenneth Murgidge, Mrs. Frank Davies, Mrs. Perry Arter, Mrs. Walter Lipp, Mrs. LeLand Adams, Mrs. C. E. Mitchell, Mrs. C. D. Libby, Mrs. Gilbert Marshall and Mrs. Russell Lodge.

Ohio Sets \$1.5 Million Cost To Put Proposals On Ballots

COLUMBUS, Ohio (AP) — Ohio's 88 county election boards estimate it will cost an extra \$1.5 million to place four constitutional amendment proposals on May 4 primary ballots.

That sum will be in addition to the estimated \$900,000 cost of the regular primary, boosting the total to \$2.3 million. Secretary of State Ted W. Brown said today after adding up board reports.

Election costs will be shared on a nearly 5-3 split between local sub-divisions and counties, with municipalities bearing the brunt of the expense.

The recent special session of the Legislature voted to place the proposals for changing the state constitution before voters for final decision at the polls.

A reapportionment proposal resulted from federal court orders for Ohio to elect state representatives on the basis of nearly

equal population in 1966. The order stemmed from U. S. Supreme Court "one man, one vote" decisions.

Under a 1903 provision knocked out by the high court, each Ohio county has had at least one state representative regardless of small population.

Approval of the constitutional amendment will require more than half of Ohio's counties to form legislative districts for election of state representatives. The federal court has warned it will act if voters disapprove the proposal.

The other proposed amendments call for a \$290 million capital improvements bond issue, an industrial financing program for Ohio and state-guaranteed student loans for higher education.

The extra \$1.3 million necessary to conduct the May 4 primary will result from costs of opening polling places which otherwise would not be open in the primary, newspaper advertising for the amendment proposals and the cost of printing larger sized ballots.

Charles Crook Re-Elected By Fairfield Board

MIDDLETON—Charles Crook of New Waterford R.D., a machinist for a Beaver Falls concern, was named to a second term as president of the Fairfield - Waterford School District Board of Education at a reorganization meeting Wednesday night.

George Garrod of Columbiana R.D. was elected vice president.

The board changed its meeting dates from the second Thursday to the second Wednesday of each month for the convenience of some who have other activities on Thursdays.

A temporary appropriation up to one-fourth of the total budget was authorized for the first quarter of the year.

Board members met with 10 teachers of Grades 4, 5 and 6 to discuss curriculum and classroom matters.

Draft Evader Cited

COLUMBUS, Ohio (AP) — Donald E. Jewell, 23, of Chillicothe, has been sentenced to three years in prison on a federal charge of draft evasion. Jewell pleaded guilty Wednesday in federal court and Judge Mell G. Underwood handed down the sentence.

Seeks To Unseat McDonald

Abel Confident Of USW Victory

PITTSBURGH (AP) — I. W. Abel is trying to win control of a big union in a way that has rarely, if ever, succeeded in the history of American unionism.

The secretary-treasurer of the United Steelworkers Union is attempting to move up from the union's No. 2 spot by unseating President David McDonald in the union's election Feb. 9.

Traditionally, the leadership of major unions has changed mainly through death or retirement. High-level internal rebellions have been few.

Abel is confident of victory. "We never had any question about it," he said Wednesday.

Abel, 56, hopes to ride to the top on the strength of rank-and-file discontent which he says runs deep and wide in the million-member union. He claims the mill hand has lost his voice in union affairs and too much authority is now concentrated in the hands of "technicians, experts and lawyers."

In an interview in his Pittsburgh office, Abel said:

"The discontent has been evident throughout the country the past several years. It was evident in the last negotiations when some locals at first refused to sign because they felt there had not been proper consideration of the membership."

That 1963 contract was negotiated by the Joint Union-Management Human Relations Committee in a concept of bargaining that has been described as "mutual trusteeship." The contract was rewritten without a formal reopening, a first in the industry.

Some of McDonald's opponents have accused him of turning the USW into a "company union," meaning it has leaned too far in favor of the management viewpoint.

Abel also finds fault in the way the McDonald administration has handled local grievances. He said many have been merely pushed aside.

Abel, six years younger than McDonald, started as a volun-

teer union organizer and held three successive offices after his local was established.

He was elected a director in 1942 and 10 years later moved up to secretary-treasurer, a post that pays \$35,000 a year.

McDonald started out as secretary of Philip Murray, founder of the USW, and was elected secretary-treasurer when the union was organized. He moved up to the \$50,000-a-year presidency in 1952 on Murray's death.

McDonald Announces Campaign Platform

PITTSBURGH (AP) — Total job security, organization of the non-organized and industrywide bargaining for members in steel fabricating plants are among the long-range aims of David J. McDonald, United Steelworkers Union president.

McDonald, in announcing his re-election campaign platform Wednesday night, called it one "geared to the 1960s, not the 1930s."

McDonald is opposed for his fourth, four-year term by USW Secretary-Treasurer I. W. Abel. The million-member union elects officers Feb. 9 and the current campaign is being carried on during negotiations for a new labor contract with the basic steel industry.

"We shall develop a program of total job security," McDonald said. "We shall remove the fear of instantaneous layoff from all members of the Steelworkers Union."

As for gaining new members, he said:

"The unorganized must be organized. New techniques, ideas and plans have already been developed. Millions of clerical and technical workers as well as industrial workers must be brought into unions or associations for their mutual benefit and protection."

McDonald called for industrywide bargaining for USW members and the various types of fabricating plants.

Club Of Ohio View-Industry Women Plans Nominations

A nominating committee was elected at a meeting of the Ohio View-Industry Women's Club Monday night in the Ohio View Lutheran Church hall in Industry.

Mrs. George Ross, chairman, assisted by Mrs. Karl Wagoner, Mrs. Alan Butler, Mrs. Ed Ingelfield and Mrs. Harry Dornberg, will present a slate of officers at the February meeting.

The annual Mothers' March on Polio will be held Jan. 28 from 7-8 p.m. Club members will canvass the Industry area. Mrs. Harrell Bomar, welfare chairman, announced that a fashion show will be held for workers at Beaver Area High School Jan. 23 at 2 p.m.

An article on obscene literature was read by Mrs. William Lemon.

It was reported that 38 youngsters attended the Christmas party at the Ohio View Canteen Dec. 19. Mr. and Mrs. John Little, Mrs. Lee Albacker, Mrs. Robert Loncar and Mrs. George Dye were chaperones. Mrs. George Baacke, youth conservation chairman, reported that the next session will be held Jan. 16 in Logan School. Mr. and Mrs. Thomas Hanner and Mr. and Mrs. Homer Paul will be chaperone.

Dr. Lawrence Thurman, curator of Old Economy, spoke on the restoration of the village. He was introduced by Mrs. Ed Stephens, program chairman.

Yellow chrysanthemums and green tapers centered the buffet table. Mrs. Loncar and Mrs. James McClaskey poured. Mrs. John Petchel was hostess chairman.

The Executive Board will meet in the Stephens' home Jan. 26. Mrs. Eugene George will be co-hostess.

"Song of the Allegheny" will

be presented at the next meeting to be held Feb. 1.

Mrs. Laco Shreve, president, conducted business.

Bridge, 500, pinocle and bunc will be played at the public card party sponsored by the St. Christine Guild Wednesday at 8 p.m. in the Church Hall in Industry.

Table prizes and refreshments will be featured.

The guild will meet Monday at 8 p.m. in the hall.

The Card Larks 500 Club will meet in the home of Mrs. Alan Butler in Industry Friday at 8 p.m.

The Pinocle Club will meet in the home of Mrs. Glen Evans in Ohioville Saturday at 8 p.m.

Namath Could Pay For Window Now, Even Buy Laundry

By WILL GRIMSLEY

Associated Press Sports Writer
MOBILE, Ala. (AP) — The windows of the neighborhood laundry on Fourth Avenue in Beaver Falls, Pa., are carefully guarded by strong steel wire.

The wiring is Beaver Falls' monument to Joe Namath, who spent a good part of his errant youth smashing the glass panes with well-aimed footballs but went on to become the town's most famous and one of its richest citizens.

Now the townspeople — the proprietors of the laundry most of all — look at the wired windows with pride, and say: "Little Joe, he was a card, wasn't he?"

"When Joe was a boy he busted every window in the place," recalls Joe's mother, Mrs. Rose Szolnoki, who divorced Namath's steel-worker father and remarried several years ago.

"The laundry people were very mad and they kept coming around to make us pay damages. Finally, they put up this steel wiring, and it's still there."

Today Joe not only is in a position to pay for all the broken windows but could buy the laundry and half the town. Star quarterback of the national champion Alabama football team, he signed a week ago the largest contract ever offered a football rookie — \$400,000 salary and bonuses for three years with the New York Jets of the American Football League. He plays his last college game Saturdays in the Senior Bowl here.

The contract, which also reportedly included a \$5,000-a-year pension for life, staggered the professional football world.

Only Beaver Falls, a bustling little steel community of 30,000 — 30 miles from Pittsburgh, took the news in stride.

"Everything here is just the same," said Mrs. Szolnoki. "Everybody knew Joe would make it good."

Joe, whose parents are Hungarian, was the youngest of five children — John, now 33, a career soldier in Germany; Robert, 30, a mill hand; Frank, 27, a life insurance salesman; and Rita, 26, a sister living in Philadelphia.

"Joe was throwing a football when he was big enough to walk," the mother recalled. "Bobby and Franklin always got up football games in the front yard. Joe was just five and too little to play, but the boys needed a quarterback. So Joe was it."

"Bobby and Franklin taught Joe to throw the ball over the telephone wires. They agreed he shouldn't be tackled. Joe got so he could throw the ball out of sight and he could hit a stump from 40 yards away."

Namath was outstanding as a high school athlete, playing football, basketball and baseball. When he finished high school, the Baltimore Orioles tried to sign him to a baseball contract.

Joe liked football and wanted to go to college. Scores of big schools sent scouts to court him. His first choice was Notre Dame.

"Joe was flying out so much, I found myself washing and packing and shoeing him out the door every day," Mrs. Szolnoki said.

Namath failed to get into Notre Dame and finally chose Alabama. "I was responsible for that," his mother said. "I made him go to Alabama, and he never quit thanking me."

Alabama assistant coach Howard Schellenberger, who coached Joe's brother Robert at Kentucky, was responsible for closing the deal.

Paul (Bear) Bryant, head coach of the Crimson Tide, said he hardly got to see Namath as a freshman.

"That was 1961 when we had our championship unbeaten team and I was kept pretty busy," Bryant recalled. "But the coaching staff kept telling me we had a fine prospect in Namath."

This was borne out the next year when, as a sophomore, Namath completed 76 of 146 passes for 1,192 yards and 12 touchdowns. In 1963, he hit 63 of 128 for 765 yards although he was booted off the team before the last game of the season for breaking training.

"I knew Joe wasn't a bad boy," Bryant said. "I talked to him and he admitted he had broken training. He promised never to do it again, and he has been perfect — an inspirational leader — ever since."

A knee injury kept Namath on the sidelines most of the 1964 season and a recurrence in practice five days before the Orange Bowl game made it appear he would not see action against Texas.

"He asked to play and when the trainer said there was no danger I put him in," Bryant said.

Namath, wearing sneakers to dull the pain, proved the outstanding player although Alabama lost a heartbreaker to Texas 21-17.

"This is not only the greatest athlete I have ever coached, he's the greatest I have ever seen," the Alabama coach said. "He is a big, strong boy (6-foot-2, 194 pounds). He is quick as a cat with lightning hands. He is perfectly coordinated, and has a trigger mind. He should be a great pro."

Potters Eye 4th Straight At Oak Glen

The holidays are over and its back to work for Coach Frank Chan's Potters who visit Oak Glen Friday and entertain Ravenna Saturday at Memorial Auditorium.

The East Liverpool - Oak Glen battle will mark the second staged between the neighboring schools and Friday's battle will be played at the Oak Glen gym located off Route 2.

THAT GAME is one of 11 scheduled for Friday night while 9 more games will be played Saturday.

Both schools will enter tomorrow's contest battling .500 and East Liverpool, which defeated Oak Glen last season in their first meeting, will take a three

game winning streak into the contest.

The Potters have defeated Wellsville, Massillon and Youngstown Ursuline to even their mark at 3-3.

CHAN will probably start the same lineup which has opened in the last three victories but is studying some changes.

The Potter coach pointed out that he did not want to break up a starting unit which has been winning but said "we have two boys who have been work-

ing very hard and looking good in practice."

He was referring to sophomore Vern Smith and junior Chuck Winters. "Both of these boys probably will play a good bit against Oak Glen."

THE STARTING five for the last three games has been Frank Taylor, Terry Lawrence, Ben Springer, Bob Maltarich and Joe Massey.

Lawrence has been the Potters top point maker with 76 points in six games but has

been scoring at an average of 20 points per game in the last six contests.

Oak Glen, which plays three times this week, was defeated Tuesday by a good Weirton Madonna five while owing victories over Weirton and South Side. Morgantown handed the Golden Bears their other defeat.

COACH Bob Starkey expects to start Mike Clutter, Tom Thayer, Dave Wagner, Dennis Carnes and John Brand.

Carnes, one of the top scorers

a year ago, hooped 22 points against Madonna earlier this week. Clutter also rates a good outside shot while Wagner came up with 17 points in the Weirton game.

For rebounding, Starkey depends on Brand and Thayer. The Oak Glen coach also pointed out that Brand was best shot on the team hitting almost 50 per cent of his attempts but doesn't shoot often.

THE MIGHTY Midland Leopards go after their second

Section 8 win when Hopewell invades the steel city Friday night.

Coach Hank Kuzma's team walked through nine exhibition games unbeaten and won its league opener against Western Beaver Tuesday.

Hopewell lost its Section 8 start to New Brighton to the tune of 60-48.

Western Beaver, which shows a balanced attack and could surprise some Section 8 teams this season, will be at Monaca Friday.

THE WELLVILLE Tiger winners of only one game in five starts, play host to Toronto tonight then travel to Springfield Local of Jefferson County Saturday. Both games are Buckeye Border encounters.

Beaver Local, which had its three-game winning streak snapped by Springfield Local, will attempt to get back to the win column at Carrollton Friday.

The Beaver return home Saturday to meet Oak Glen. Coach John Pape's team shows a 3-2 record.

In Tri-County action, Columbiana visits East Palestine Friday and Leetonia is at Lisbon.

STANTON Local, which snapped a 6-game losing streak at Brilliant last Saturday, goes after its second victory when Jefferson Union invades Friday. Stanton will remain at home for a Saturday night game with Wayne.

United visits Lake on Friday then entertains rival Southern Local Saturday night.

Crestview will be seen in two encounters this weekend appearing at McDonald Friday and playing host to Mineral Ridge Saturday.

South Side with a 1-1 mark in Section 22 will be at home Friday against Crafton. The Rams dropped a league battle at Avonworth earlier in the week.

Dayton Picks McVay New Grid Mentor

DAYTON, Ohio (AP) — The University of Dayton, striving to come back from several disastrous football seasons, has a new head coach.

The appointment of John McVay, 34, former Massillon High School and Miami University star, was announced Wednesday.

Athletic Director Tom Frericks, who made the announcement, said McVay had been selected from among 55 applicants to succeed William (Pete) Ankney who resigned after two losing seasons.

In 1964, the Flyers won three and lost seven and have been in a slump of several years' duration.

McVay, married and the father of three sons, has been backfield coach at Michigan State the past three seasons.

A native of Bellaire, he was an outstanding member of Massillon's 1946 - 47 - 48 teams. At Miami, he played under present Ohio State coach Woody Hayes as a freshman and sophomore and under present Notre Dame coach Ara Parseghian in his last two seasons.

After graduation in 1953, McVay served as assistant sports coach at Lancaster High School for three years, was head football coach of Franklin High in 1956 and then took over as head coach at Canton Central Catholic.

Lombardi Denies Trading Hornung

GREEN BAY, Wis. (AP) — Green Bay Coach Vince Lombardi is high on Paul Hornung's "potential" and plans to keep the high-scoring halfback with the Packers.

Lombardi emphatically denied Wednesday a report that he and Hornung had clashed and the former Notre Dame star was on the trading block, possibly in a deal with the New York Giants.

"I don't know a player in the National Football League who has the potential of Hornung," Lombardi said. "You don't give up something for nothing."

"Now, I'm not saying that we're going to sit pat up here. If we have an opportunity to better ourselves, we will trade. But I have no plans to trade Hornung, period."

According to a New York re-

port, Lombardi and Hornung clashed when the halfback reported late for a team meeting before the Packers met the St. Louis Cardinals in the Pro Football Bowl in Miami. The report quoted the coach as telling Hornung: "Get in your car and keep going."

"That's a bold-face lie," Lombardi said. "I had no disagreement whatsoever with Hornung. There's absolutely no truth to that story."

Hornung was on the bench when the Packers opened against the Cardinals. He carried the ball only five times and his lone pass on the option play was intercepted, killing Green Bay's last chance in a 24-17 loss.

However, Hornung booted a 40-yard field goal and added two conversions.

Sophomore Is New Friar Star

Providence Stands Alone, Pushes Streak To 10 Wins

By TED MEIER
Associated Press Sports Writer
Lenny Wilkins, Johnny Egan, Vinnie Ernst and Ray Flynn. They were the stars who brought national recognition in basketball to Providence College the last six years.

Now Jim Walker, a 6-foot-3 sophomore, is following in the footsteps and once again the Friars are in the headlines as the only unbeaten major team in the country.

The charges of Coach Joe Mullaney made it 10 in a row by whipping Boston College and John Austin 89-79 at Newton, Mass., Wednesday night. Walker, whose style is being compared to Providence's former greats, threw in 28 points on nine field goals and 10 of 11 free throws.

Bill Blair, a junior, also chipped with 28 points for the Friars, who led by 19 points at halftime. Austin, playing with an injured wrist, got 29 points for Boston College. He sat out the first eight minutes of the second half.

It was the fifth victory on the road for the Friars, indicating they are tough anywhere. Their other road triumphs came against Creighton, Iowa, St. Francis of New York and Fairfield. They play Canisius Saturday at Buffalo, N.Y.

Ninth-ranked Providence was the only team in The Associated Press top ten to see action. Louisville, 9-2, scored a 92-80 home-court triumph over La-

Salle. In other home-court victories, Brigham Young whipped Seattle 92-72 behind John Fairchild's 23 points and Marquette edged Chicago Loyola 71-69 on Rocky Calvelli's jump shot in the last second of a five-minute overtime.

Wake Forest drubbed North Carolina 107-85 and N.C. State downed Virginia 73-67 in two Atlantic Coast Conference games. West Virginia took Virginia Military 87-79 in the Southern Conference.

"Best indoor track team in the East," is what Army track coach Carleton Crowell says about Harvard.

Grandelius Seen No. 1 Candidate At Detroit

DETROIT (AP) — A Detroit Lions' spokesman has denied a published report that Sonny Grandelius, recently fired as an assistant coach, would be named head coach of the professional football team next Sunday.

Edwin Anderson, general manager of the Lions, said Grandelius is being considered for the post.

"But he's not the No. 1 candidate," Anderson told the Associated Press.

"He will be given every consideration — but the chances are someone else will get it."

In Hollywood, Fla., where he is vacationing, Grandelius also expressed surprise over the report published in the Detroit

News. He said no one had talked to him about the head coaching job with the National Football League team.

Anderson said no Sunday announcement was planned "at the moment."

But he said a successor to former coach George Wilson probably would be named within a week.

Wilson resigned last month shortly after all five assistant Lion coaches were fired.

Grandelius was an assistant coach with the NFL Philadelphia Eagles before joining the Lions.

He was fired as a coach by the University of Colorado in 1962 in a dispute over illegal recruiting practices.

Police Five Capture 5th Hoop Victory

The Police Dept. rolled to its fifth straight victory in the Little Potter Eighth Grade League Wednesday but had to go overtime before nipping George Bright's, 28-26.

Steffen's 11 points and Zanders 10 markers paced the unbeaten Police five.

In other games, American Vit. was a 31-26 winner over Ogilvie's with Chambers hitting 13 points for the winners. Cunningham hooped 15 to pace Ogilvie's.

M. & M. Vending defeated Coca-Cola, 24-9, with Musuraca hammering the nets for 14 points. Baughman's 9 markers topped the Cokes.

Games in the Little Potters Sixth and Seventh Grade League will start a half-hour earlier in the future beginning at 4:30 every Friday.

Pro Golfers To Open Winter Tour Friday

LOS ANGELES (AP) — Professional golfers kick off the richest winter tournament circuit in history Friday, with Arnold Palmer and virtually all the other big-name players teeing off in the first round of the \$75,000 Los Angeles Open.

A small army of pros and amateur partners were set for today's pro-am prelude for the \$5,000 pocket-money included in the largest purse in the tournament's history.

The setting, as it has been since 1956, is the Rancho municipal course.

Ohio, BG, Miami Net Impressive Victories

By The Associated Press
Bowling Green finally won one and Miami and Ohio University chalked up impressive victories Wednesday night to highlight an eight-game collegiate card.

The Falcons, suffering through seven straight reversals, surprised Toledo 73-69; Miami solidified its first-place hold in the Mid-American Conference by trouncing Kent State, 68-47, and Ohio walloped Western Michigan, 91-70, to stay in the thick of the race.

Elsewhere, only four points separated the winners and losers as Buckeye teams opposed Michigan quintets in four games and came away with victories in three.

Youngstown (11-1) barely beat Muskingum, 36-35 in overtime; Ohio Northern shaded Northwood, 101-97; Findlay nipped Hillsdale, 86-85; Oberlin edged Case Tech, 62-60 and Spring Arbor (Mich.) toppled winless Defiance, 71-69.

By now, Toledo coach Eddie Melvin must be wondering what you have to do to win one in Bowling Green. Toledo's loss was the eleventh straight setback for a Melvin-coached team in the Falcons' den.

And the BeeGees won it the hard way since their leading scorer, Bob Dwors, got into early foul trouble and only scored six points. He's been averaging 25 a game.

But junior Nick Alot took up the slack with 17 tallies and teammate Tom Seiple dropped in four free throws in the final

two minutes to clinch the decision.

Miami, now 5-0 in the league, pulled out to a 24-19 halftime lead and then coasted to its easy triumph, beating Kent State's stalling tactics.

Jeff Gehring led the Redskins with 20 points and nine rebounds while Charlie Dinkins picked off 10 rebounds and blocked eight shots.

The Bobcats, 3-0 in the conference, bolted to a 37-30 lead at intermission and were never headed. Rookie guard Mike Hammond paced the way with 17 points but Western's Dave Anderson took scoring honors with 23.

Brodie Captures NFL Golf And New Auto

HOLLYWOOD, Fla., (AP) — Two years on golf's tournament trail have paid off to the tune of a new car for San Francisco 49er quarterback John Brodie.

Brodie carded a 75 Wednesday for a 54-hole total of 231 to win the National Football League Golf Tournament and the first prize of a 1965 Ford Mustang.

Brodie came home one stroke ahead of Jesse Whittenton, Green Bay Packers defensive back, though at one time he trailed Whittenton by four strokes.

Whittenton finished with a 232, followed by King Hill, Philadelphia Eagle quarterback who had 236.

HAWKS' BOB PETTIT (left) subbing as coach for Richie Guerin, bed-ridden with the flu, bites his finger nails as he watches Celtics pour it on in the fourth period at Boston Garden Wednesday night. The Celtics won, 138-106. (UPI Telephoto)

IT'S PRIVATE Gary Wood now. The New York Giant rookie quarterback is shown with Sgt. V. M. Denhurst filling out one of the forms as part of his pre-induction processing at Syracuse, N. Y. Wood reported to Army recruiting Wednesday. (UPI Telephoto)

Wheeling '5' Retains First In W.Va. Poll

By The Associated Press
Wheeling's undefeated Wildcats have retained their lofty position in the Associated Press high school top 10 basketball poll, but the rest of the ratings underwent a thorough shaking-up.

Only the second-ranked Charleston Mountain Lions stayed in the same place they were a week ago. The remaining eight berths were scrambled as Parkersburg's fall to seventh set off a chain reaction.

Dunbar, fourth a week ago, moved into the No. 3 spot vacated by the Big Reds who lost to Beckley last Saturday.

Following Dunbar were Williamson, Oceana, Huntington and Parkersburg in that order.

All but Parkersburg moved up one notch from last week.

The eighth position was claimed by Fairmont West, 10th for the last week's list.

Meanwhile, unbeaten Triadelphia moved into the top 10 for the first time, tying Beckley for ninth.

Also entering the select group chosen by Associated Press Sports writers and sports casters was Bluefield, a 87-56 victor over Graham, Va. Tuesday night. The Beavers nailed down 10th place while Ceredo-Kenova—ninth in last week's balloting—dropped out of sight.

Wheeling, now 6-0 and still averaging better than 100 points per game, defeated Moundsville 99-79 Tuesday night to retain its top ranking. The Wildcats received eight of a possible 10 first place votes.

The other two first place votes went to Charleston and Oceana, both still undefeated.

The top 10 (including their number of votes):

- | | |
|----------------------|----|
| 1. Wheeling | 91 |
| 2. Charleston | 70 |
| 3. Dunbar | 64 |
| 4. Williamson | 52 |
| 5. Oceana | 47 |
| 6. Huntington | 41 |
| 7. Parkersburg | 35 |
| 8. Fairmont West | 32 |
| 9. Triadelphia (tie) | 24 |
| 9. Beckley (tie) | 24 |
| 10. Bluefield | 12 |

Other teams received votes by alphabetical order: Ceredo-Kenova, Chapmanville, Clarksburg Notre Dame, Elkins, Herbert Hoover, Huntington St. Joseph, Logan, Mullens, Nitro, Princeton, Stonewall Jackson, Weirton Madonna and Welch.

Youngstown Advances In Floor Rating

By The Associated Press
High Point and Youngstown made the most rapid advances among small-college teams in the Associated Press' weekly basketball poll this week. Each climbed three places, the North Carolina school to fourth and the Ohio college to seventh.

High Point, unbeaten in 10 games, walloped Belmont Abbey 130-71 in its only start last week while Youngstown whipped Maine and Assumption, Ont., to lift its record to 9-1.

Meanwhile, the Evansville, Ind., Aces strengthened their hold on first place, defeating South Dakota, South Dakota State and Ball State for a 9-0 mark.

The Aces made it 10 straight by defeating Butler 79-71 Wednesday night. High Point and Youngstown also won. High Point beat Campbell 91-80 and Youngstown downed Muskingum 36-35 in overtime.

The Top Ten, with first-place votes in parentheses, and total points:

Rice Award Will Go To Arkansas U.

HONOLULU (AP) — "I'm prouder than I've ever been in my life," said Coach Frank Broyles Wednesday on learning that his unbeaten, untied Arkansas Razorbacks will receive the Grantland Rice Award.

The memorial to the late sports writing great goes to the team rated No. 1 in the United States by a five-man committee representing the Football Writers Association of America.

"This is something I know the people of Arkansas have dreamed about for a long time," he said. "I know that this has to be the proudest moment in the athletic history of Arkansas—for the players, the university and our fans."

"They all rank No. 1," Broyles said.

Arkansas, the Southwest Conference champion, defeated Nebraska 10-7 in the Cotton Bowl game for an 11-0 record—the only major college football team without a loss.

The Razorbacks finished second in the final Associated Press football poll, which was released before the bowl games. Alabama, No. 1 in the last poll, lost in the Orange Bowl to Texas, which was defending national champion and No. 1 when it lost by a point to Arkansas.

The Razorbacks received four first-place votes and one for third. Notre Dame was runner-up with five second-place votes. Texas had one first-place vote and one third-place vote for four points and Michigan received three third-place votes for three.

Alabama received no votes for first, second or third place. Broyles is here to coach the South squad in the Hula Bowl game which has been won every year by the North.

3-State Search Begun For Young Man And Woman

CINCINNATI (AP) — Police have begun a three-state search for a young man and woman who disappeared from their suburban homes Oct. 23.

The missing persons were identified as Darlyn Woodall, 17, of North College Hill, and Joseph Edward Sparrow, 20, of Fairfax, the Cincinnati suburb where two small boys vanished earlier.

Police Chief Stanley Petit of North College Hi said the pair, who planned to get married, were last seen at Sparrow's home. Police at first thought they eloped, but recently investigators have begun to fear the young people met with violence.

One ominous development is that Sparrow, who will inherit his parents' estate on his 21st birthday Jan. 24, has made no effort to contact the family attorney.

The probe was interrupted Wednesday when two investigators were overcome while checking out the heating system.

Sheriff's Deputy Lyman Peace and rescue squadron Director Tom Drake became ill in the jail. They were rushed to Payson Hospital and given oxygen before being released in good condition.

The four youths were arrested Monday for investigation in the theft of some beer. They were placed in the jail on orders of juvenile authorities.

Deputy T. L. Meredith, who found the victims in a cell Tuesday morning, said, "I was never so shocked in my life."

Sheriff Elton R. Jones said he didn't know when an inquest would be held. Justice of the Peace Florence Greer indicated it might be several days.

The dead, all Payson High School students and all described as popular with their classmates, were:

Clifford Greenland, 18, son of a widow who lives in nearby Pine. The mother was hospitalized with shock.

Kenny Haight, 15, whose father runs a television repair shop.

John Watkins, 16, who moved with his parents to Payson two weeks ago.

Blaine Schroeder, 16, son of a greenskeeper at Payson Country Club.

Jones said the four were among seven teen-agers arrested in Payson in the past week in connection with an outbreak of petty crimes. The other three had been released to their parents.

The dead youths, Jones said, had been arrested in connection with the theft of four cases of beer from Strawberry Lodge, a resort near Pine.

The victims were the only jail inmates, Jones said, and were in a cell built to hold 15.

"They accepted the fact that they would have to remain overnight," said Deputy Meredith. "But we told them they would probably be released in the custody of their parents the following morning."

"They were all worried about not being able to go to school."

NEWPORT, Ky. (AP) — Both prostitutes and some gambling can be found in Newport now, but the once rip-roaring Ohio River city is nothing like it used to be, Sheriff George Ratterman says. Ratterman appeared Wednesday before the Campbell County Grand Jury and later discussed his testimony with newsmen.

Newport's casinos and houses of prostitution closed after the former pro football star was elected in 1961. Neither have reopened, but Ratterman said "40 to 50" prostitutes frequent some of Newport's taverns on weekend nights.

Fumes Claim 4 Youths In Arizona Jail

PAYSON, Ariz. (AP) — Carbon monoxide poisoning caused the deaths of four teen-agers in the Payson city jail, a county official has ruled.

The deaths shocked this resort community in the mountains of central Arizona. Many of the 800 townspeople had gathered around the county complex to await a report of autopsies, performed in Globe, 75 miles away.

Dr. Alfred D. Musgrave, Gila County pathologist, ruled that carbon monoxide poisoning was the cause of the deaths, which occurred Tuesday morning.

Authorities today were to continue their inspection of the butane gas heating system in the jail.

The probe was interrupted Wednesday when two investigators were overcome while checking out the heating system.

Sheriff's Deputy Lyman Peace and rescue squadron Director Tom Drake became ill in the jail. They were rushed to Payson Hospital and given oxygen before being released in good condition.

Gains Shown For Calcutta Mail Receipts

Postal receipts at the Calcutta branch at the Potters Lumber Co. showed a gain of \$3,283 over 1963, Postmaster Samuel W. Brown said today.

Receipts last year totaled \$11,064 compared to \$7,781 in 1963, the first full year of the branch operation, Brown said.

In making the comparison, the postmaster pointed out all facets at the Calcutta branch showed increases over 1963.

He said 3,439 parcels were handled last year against 2,687 in 1963. Insured parcels rose to 2,336 from 1,850 and 2,236 money orders were issued compared to 1,696 in the previous year.

The branch cashed 125 money orders last year compared to 71 in 1963, he continued.

Brown said many more people used the facility last year because they found adequate parking space and most services available at the main office.

Although there is no mail deliveries or box rentals at the branch, all mail and parcels deposited at the branch are brought to the main office daily and meet the necessary dispatch schedules so there are no delays.

"With the increase last year and the planned shopping center, I can only predict a greater increase this year," the postmaster said.

The branch now sells stamps, envelopes and cards, accepts regular or insured parcels, processes registered and certified mail, handles international parcels and issues and cashes money orders.

Police Check On Big Cache Of Cigarettes

Police checked today on a big cache of cigarettes found dumped in a Dresden Ave. driveway Wednesday afternoon to find if there was any connection between the incident and the arrest of a suspected shoplifter Tuesday night in which two others fled.

Police said they recovered 33 cartons of cigarettes that later were traced to three supermarkets in East Liverpool and another in Lisbon. Of assorted brands, the cigarettes were valued conservatively at \$85.

Two unidentified men reported to police they found the cigarettes dumped in a driveway about 80 feet off Dresden Ave. just outside the city limits.

Tracing the cigarettes by identifying tax code numbers stamped on the cartons and the packs, police traced them to: The Loblaw, Inc., store on Bradshaw Ave., 14 cartons; the Loblaw, Inc., store on Dresden Ave., six cartons; the A. & P. Market on Walnut St., eight cartons, and the Lisbon A. & P. Store on E. Lincoln Way, Lisbon, five cartons.

Officers said the two men who discovered the cigarettes phoned headquarters and then stood by until a patrolman arrived to investigate.

Patrolman Jack Strobel, working in his off-duty time Tuesday night at the Loblaw store on Bradshaw Ave., arrested a 23-year-old Youngstown woman on a charge of stealing six cartons of cigarettes.

Another woman and a man who were in the suspect's company fled in an auto, he reported.

The woman was booked under four different names, but said her true name is Nancy Mims of Poland Ave.

The patrolman said six cartons of cigarettes tumbled out of her clothing when he first approached her outside the store. She struggled with the patrolman, kicking and scratching and tearing the sleeve out of his shirt before she finally submitted to arrest.

The other two suspects fled, meanwhile, the fender of their car bumping the officer. The Mims woman is due for a Municipal Court hearing Friday.

The woman was released from jail Wednesday after her two \$250 bonds were posted by E. S. Ward of Lisbon, as agent for the Resolute Insurance Co. of Hartford, Conn.

Ohioan's Tom Turkey Is Grand Champion

DES MOINES, Iowa (AP)—A Tom turkey raised by a veteran Ohio producer was named grand champion bird at the convention of the National Turkey Federation.

It was the fourth year in a row that Harvey Wilford of Elyria, Ohio, came up with the winning turkey. It weighed 36 pounds, 4 ounces. Wilford said that if cooked for 12 hours the Tom would taste as good as a 15-pound hen.

Rolling Stone Hits New Car

A rolling stone may not gather much moss, but it sure can cause a lot of damage—to a brand new car.

A 1965 Chevrolet sedan driven by Frank L. Petrola, 29, of Steubenville struck a rock on Route 7 about a half mile below Wellsville Wednesday at 7:15 p. m.

The Wellsville State Highway Patrol said the undercarriage of the vehicle was heavily damaged.

Petrola told officers he had just topped a small grade and started down the other side when the car went over the rock, which apparently fell onto the highway from the hillside.

The rock was just big enough to catch and roll back beneath, ripping as it went.

A coal truck driven by Vernon S. Jackson, 33, of Toronto R.D. 1 and a car driven by Sherman Elverdy, 55, of Toronto R.D. 2 collided at the intersection of Route 152 and 213 at Knoxville Wednesday afternoon at 1:45.

The patrol said Elverdy stopped for a traffic sign and then pulled into the path of the truck. He was cited for failure to yield the right-of-way.

Stanton Local's Adult Education Registration Set

Registration for adult education classes at Stanton Local High School will be held next Thursday night from 7 to 9 at the school in Hammondsville.

Supt. C. P. Henderson said that while it is preferred that as many as possible should register at the school personally, registration may be made by phoning the office. Late reservations will be received until Jan. 20.

Classes to be offered will be determined by Jan. 15. It will depend on the number signing. In addition to those now planned, others will be set up if there is enough interest and a sufficient number register.

Courses planned at present are typing, general mathematics, sewing, wood work, metal work, swimming and physical fitness for both men and women, art and American history.

There will be a small fee for each course.

The classes will begin Jan. 21 and will continue for 12 weeks, meeting once a week for two and a half hours.

Wellsville Trio Will Face Jury

Three Wellsville brothers were bound over to the Jefferson County Grand Jury on charges of shooting with intent to kill at a hearing Wednesday afternoon in Municipal Court at Steubenville.

Bonds were set at \$500 each for Michael Thompson, 22, and Frank Thompson, 27, both of 1529 Main St., and Martin Thompson, 25, of 1421 Main St.

They were charged in connection with the shooting of Charles Brooks, 52, of Steubenville in a night club on Dec. 8. Brooks was shot three times and recovered.

The brothers surrendered to police. Brooks attended the hearing yesterday but was unable to identify any one of the three as actually doing the shooting.

Michael's bond had been \$1,000, but was reduced at the hearing.

Tentative Suspension Given Tavern Owners

A tentative suspension of the liquor permit of a Madison Township tavern has been ordered by the Ohio Department of Liquor Control.

The Liquor Control Commission set a seven-day suspension for Robert John and Thelma Anderson of West Point for sale of intoxicants on the permit premises in July 1963.

The suspension is slated to begin July 25, 1965, but may be dismissed if the permit holders are not convicted of any further violations, the commission ruled.

A charge of delinquent payment of sales tax assessments against Clyde Alexander of New Waterford R.D. 1 was dismissed following payment in full.

A degree team from Steubenville will initiate new members.

Bills Would Take Amish Order Off Social Security

WASHINGTON (AP) — Two Pennsylvania congressmen have introduced bills to exempt the old order Amish from the Social Security program.

Republican Reps. Paul R. Dague and Richard S. Schweiker introduced the legislation Wednesday to grant exemption to 19,000 members of the religious sect who live in 270 communities in 19 states, including Ohio.

The legislation is substantially the same which was approved last year by a Senate-House Conference Committee but which died in the controversy over a medical care plan for the aged.

The old order Amish contend Social Security is a form of insurance which shows a lack of faith in God. They contend they care for their own elderly.

Retired Franklin Fire Chief Is Commended

SUMMITVILLE—Retired Fire Chief Paul Crawford was commended by the trustees of the Franklin Township volunteer fire department at a meeting Wednesday night at the fire station.

GOP Action Group Named

A political action committee was named at a meeting of the East Liverpool Area Men's Republican Club Wednesday night at the Potters Savings & Loan Co. annex.

The committee includes David Sakol, Howard Parsons, Cliff Conley, Richard Judge, Richard Carter and James Lowe.

Dennis H. Smith was named publicity officer and Richard Crawford and John Thompson were appointed trustees. Sakol will serve as membership chairman.

Sheridan Leasure gave the opening prayer. Three candidates were announced for City Council. They are Carter, First Ward; Smith, Second Ward, and James Welch, Third Ward.

Robert Bell, 18th District committeeman, and Frank Cunningham, both of Steubenville, were guests. Bell spoke briefly on the new 18th District.

A special meeting will be held Jan. 27, with the place to be announced. All prospective candidates are invited to attend.

Soils And Crops Meeting Staged At Salem Church

LISBON — Ninety attended the Columbiana - Mahoning Soils and Crops Institute Wednesday at the Salem Christian Church, according to Don Myers, county extension agent in agriculture.

The program included discussion on production practice varieties and fertilizer, forage, small grain and corn.

A film, "Soil and Raindrop," was shown. George Gist, agronomy professor at Ohio State University spoke on forage production.

H. J. Mederski of the Department of Agronomy at the Ohio Agricultural Experiment Station at Wooster, discussed lime and fertilizer recommendations.

Lewis Saboe of the Department of Agronomy at Ohio State, spoke on small grain production. Gordon Ryder also of Ohio State, spoke on corn production.

Lunch was served by women of the church.

Boy Scout Camp Set Jan. 22-24

LISBON — The annual Polar Bear encampment of Boy Scouts of the Shawnee District will be held Jan. 22-24 at Camp McKinley, and Kenneth Mudge, district executive, said registration will be held Jan. 23 from 9 a. m. to noon.

"The Polar Bear Encampment is not a place for inexperienced campers but it is a real test for good scout camping. The basic skills and knowledge that enables a scout to hike, camp, and have fun apply in cold weather as well as in warm weather," he said.

To keep warm in below-freezing temperatures requires special clothing, equipment and knowledge of controlling heat loss. The five important parts to consider are clothing, shelter, bedding, food and activities.

Any unit wishing to come in the evening Jan. 23 may do so by contacting the Arnold Lodge for directions to the camp. Advisers and adults will be responsible for their group's equipment and welfare, Mudge said.

Mail Receipts At Wellsville Hit New High

Postal receipts at Wellsville reached a new high during 1964, according to the annual report issued by Postmaster E. J. Evans.

The receipts totaled \$56,553.52. The past record was set in 1963 with \$55,384.61. The 1962 receipts totaled \$50,830, a decline from 1961, and the previous record for Wellsville was \$52,533 in 1960.

Receipts are derived from the sale of stamps, stamped paper, envelopes, meter machines and box rentals.

Mail cancellations during December also took a jump the past year. The department had a total of 200,007 machine cancellations for the month, up 11,461 from the 188,616 registered in 1963.

Machine cancellations do not include bulk mail, parcel post, pre-cancels and metered mail, the postmaster pointed out.

Youth In Delinquency Case Pleads Innocent

Donald Regis Cosley, 18, of Wellsville R. D. 1 pleaded not guilty Wednesday before Juvenile Judge Louis Tobin on a charge of contributing to the delinquency of a 13-year-old Wellsville girl.

Judge Tobin set bond at \$1,000 for a hearing at 2 p. m. Feb. 1 in his court at Lisbon.

Cosley allegedly picked up the girl in his car, taking undue liberties with her. Another 17-year-old youth and 12-year-old girl, who went along on the trip, are to be given hearings later.

Mild Trend To Bring Rain Tonight, Friday

Frost covered the Tri-State District this morning after temperatures fell below freezing but the Ohio weatherman said there will be a warming trend today with the mercury expected to rise into the mid-50's.

The mild turn in the weather may bring rain or showers tonight or Friday.

The downtown had a chilly 27 at 6 a. m. today but tonight's low range will be much more moderate with 38 to 47 expected.

Council Sets Budget Study

James Muns, chairman, and the finance committee were instructed to begin preparation of the budget for 1965 at a meeting of the Industry Council Wednesday night at the Borough Building.

Homer Paul, president, said the budget is to be ready for presentation at the next regular meeting Feb. 3.

Council approved mutual fire agreements with Rochester and Shippingport departments, and also voted to continue the 10 p. m. curfew for juveniles in the borough.

Mayor W. B. MacBride gave the police report for December, which showed 18 complaints, five accidents, two arrests and 1,588 miles on the police car. Bills totaling \$3,503 were paid. Paul presided.

A public hearing is scheduled for Wednesday 8 p. m. at the Borough Building on a proposed zoning ordinance change of the classification of an area in the vicinity of Pine Grove Rd. and Route 68 to allow construction of multifamily dwellings.

OFF THE RECORD

Junior Editors Quiz on
THE NORTH POLE

QUESTION: Who really discovered the North Pole, Peary or Henson?

ANSWER: Peary and Henson reached the North Pole together. These two men were not rivals in any way, as the question seems to suggest; they were on the same expedition. Peary was the leader—he had been fighting toward the conquest of the North Pole with a perseverance and stubbornness unique in this history of Arctic exploration. In 1898, Peary set out on his first trip with the North Pole as the major objective. After four years, he returned. He had made important discoveries, but the North Pole had eluded him. Again, in 1905, he set out in the ship Roosevelt. He made a record of farthest north, but was forced to turn back when only 200 miles from the Pole. In 1908, he made a final try, and this time was successful, reaching the Pole April 6, 1909, in company with Matthew Henson and four Eskimos.

Matthew Henson, a negro, was Peary's trusted assistant, a man who had been with him through 20 years of Arctic exploration. Because Peary planned and personally led the expedition, he is spoken of as the discoverer of the North Pole. Peary himself always gave great credit to Henson, who he said was the best dog team driver in the world, as well as to the Eskimos and other members of the expedition who made final success possible.

FOR YOU TO DO: In these days, when other explorers are about to set out for still more distant objectives than the North Pole, Peary's story makes inspiring reading. You'll find books on it in your library.

James Watkins of Baltimore, Md., wins today's combined prize of Compton's Illustrated Science Dictionary plus \$10 cash for this question. Mail yours on a postcard to Junior Editors in care of The Review and you may win the weekly grand prize of Compton's Pictured Encyclopedia.

People In News

LOS ANGELES (AP) — Two Democratic veterans of California's political wars — Congressman James Roosevelt and Mayor Samuel W. Yorty — will clash in next April's municipal election with Yorty's job at stake.

Roosevelt, 57, eldest son of President Franklin D. Roosevelt, filed Wednesday as a candidate for mayor, a nonpartisan post.

Yorty, 55, promptly announced at a news conference that he will seek another term.

TEHRAN, Iran (AP) — King Olav of Norway circled Tehran's airport in his royal plane for 65 minutes today, unable to land because of a heavy snowfall and poor visibility.

The Shah of Iran ordered the plane diverted to Beirut, Lebanon. King Olav, who was coming to Iran for a week's state visit, will stay in Beirut until the weather clears.

NEW YORK (AP) — The Duke of Windsor, back in his New York apartment less than a month after undergoing major surgery, says he feels fine, but he's not ready to resume his social life.

"Social activity? Oh, not for a while," said the former British king in reply to a newsman's question at the airport Wednesday.

The 70-year-old duke and the duchess flew home from Houston, Tex., where he underwent abdominal surgery Dec. 16.
